A Odds & Starts

A1 Untrustworthiness. *DIO* operates under a venerable motto, which has sustained our efforts for 1/3 of a century: **A MAN WHO CAN'T BE BRIBED CAN'T BE TRUSTED** — trusting that we will always rank as *the most untrustworthy journal ever*.

A2 Goals&Achievements:

Purpose of Government: to Tax.

Dave Barry

Purpose of The Press: Bias.

§I212; www.dioi.org/pre.htm#prpc

Purpose of Academe: grants to wise nonrebels. ‡11 fn 1; www.dioi.org/jo00.pdf p.3&§W

Purpose of US politics: to ensure citizens' voting doesn't get in the way of funders' goals.

DIO aims: **truth&discovery**, fairness, mercy, *scrupulous scholarship*. §§F45, E1, I31, A5

A3 Germs at DIO 1.1 ‡2 §A. Gov'ts permit free speech (§E2) only if it's ineffectual.

The more trusted an institution, the less trustworthy it is. www.dioi.org/mot.htm#smcw

A4 Everyone a god? Why are you in your skull & DR in his? There are some questions that physics will never solve. Nonetheless DR remains a rational-empirical non-spiritualist.

A5 Academe's Expensive Unrefereed Journals Resent Free Minds' Free Journal.

DIO gratis to libraries&scholars; we ref nonanon; admire enemies' credits (§E1), scores at

DIO 22; admit goofs (‡10 §A7); offer (www.dioi.org/deb.htm) critics debate space; create

(& cite others' aid with) genuine discoveries (§§F45&K1, ‡12, *backcover*), done so compe-

tently no one's found bad science in 32 vols. Academe's latest reactions? Shun. Try gutting

DIO funds. Burgle 60^y old nudes of DR's crippled octagenarian wife: www.dioi.org/tar.pdf.

A6 InterEthnic Amiability. When DR is asked his race, he replies simply: "human."

A7 AlibiByeBye. If [1] dark skin, [2] hate&segregation, or [3] propertyless, voteless,

illiterate slave-past, causes ongoing group mass-failure now: [1] the last national Spelling

Bee's 8 winners wouldn't be 7 dark Indians & 1 white; [2] Jews would be impoverished;

[3] women wouldn't earn more college degrees than men. (No mitigation of past implied.)

A8 FinnFolly. Every Olympics, Finland needlessly squanders Golden chances to uplift

humanity while displaying Finns' cultural pinnacle, by not adopting as national anthem Jan

Sibelius' heart-rending *Finlandia*, composed in 1899 to protest Czarist press censorship.

If adopted, it'd be heard internationally at every Finnish gold medal, all humankind ennobled

by the hymn at the heart of *Finlandia*'s grandeur. (Best version: click on link **Vänskä** under

Sibelius at www.dioi.org/mus.htm.) Its performance & music of Fauré, Brahms, & Widor

blessed the funeral of DR's wise stepfather John W. Avirett 2nd (www.dioi.org/j300.pdf p.2).

A9 Blue IQ & Love Purer Than Snow. Investigating issues dwarfing the usual ones:

[1] In the 1937 Disney classic, *Snow White & the 7 Dwarfs*, what color were Snow's eyes?

[2] Which of the 7 dwarfs had blue eyes?

[3] Why did the glam&vain Wicked Queen scrupulously verify an antidote for Snow's

poisoned apple, but not for the potion that transformed the Queen into a crone? Answers:

[1] Nearly everyone guesses Blue, but Snow's eyes are Brown.

[2] Only Blue-eyed dwarf: DOPEY! (Was someone at Disney making a point about Blue-

eyeds' IQ?) Grumpy's eyes: Black. Brown eyed: Doc, Happy, Sleepy, Sneezy, Bashful.

[3] The green-eyed Wicked Queen must've had a private epiphany, secretly converting to

refined feminism, justifiably tired of dealing with the bother of male attention to superficial

attributes, seeking instead eternal refuge in the body of a repulsive, wart-faced witch, to

ensure that future true love will be purer than Snow's. Two happy endings in one film!

NB: the vile, cruel crime of rape is nonetheless pro-life is holy celibacy?

A11 Untoppable Toplessness. 4 First Ladies have lately had their photo-toplessness in

the news: Jackie O (USA), Carla Bruni (France), Melania Trump (USA), Princess Kate

Middleton (UK). But: name 4 big-nation QUEENS who went topless during the last

1/2-millennium. To help out, the dates: 1536, 1542, 1587, 1793. Answers: Anne Boleyn,

Catherine Howard, Mary Queen of Scots, Marie Antoinette. All four were decapitated.

A12 A Self-Mirroring Collection of Devious Oldies:

Why do mice have small balls? Few mice dance.
 What has 2 feet, with 12 inches in between? A yardstick.
 On his wedding day a Pole gives his wife something long&hard. His last name.
 Whaddya do about an elephant with 3 balls? Walk him & pitch to the giraffe.
 Man finds wife in bed with his best friend. What's he say? "Bad dog!"

A13 STEPFORD TYRANNY as Norm: Making a Joke of "The Free World". §B6
 At DIO 27 = www.dioi.org/jr00.pdf §D3, Pres. Eisenhower worries "if Laos is lost to the free world". But how can the US be "free" when it snoops-on&threatens citizens (§I150), who have largely come to *placidly, robotically* go-along-accept as **normal** that expressing a media-banished idea or using a phrase, that might be resented as an insult or "microaggression" by genders or races or other sacred lobbies, is repeatedly, threateningly portrayed by TV 'snews as an act endangering the speaker's freedom, job, and/or survival. How's living in the declining US come to remind one of the horror film *The Stepford Wives*?

A14 PseudoCharity. As we watch US media's professedly charitable obsession with protecting&glorifying the least productive element of US society, one ponders a parallel policy from 200^y ago, when England (since Pitt) began deliberately (§I143) siding with the weakest European nations, on realizing UK's greatest danger was a unified Continent. *Jews may reasonably have like nervousness at the prospect of a unified Christian U.S.*

A15 Efficiency. For centuries, China has used symbols instead of letters to communicate. Each symbol stands for a word or a group of words or an idea. So a few symbols can express a statement in less space&time than letters. (To verify: just compare the pages of a Chinese vs a Western version of the same book.) As he matures, an average Chinese citizen unconsciously memorizes thousands of these symbols (instead of 26 letters) and soon processes them as rapidly as others process letters. Today, it'd be (§A25) wack-forbidden as "hate speech", to ask if some cultures' failure to adopt the efficiency is because they are *insufficiently gifted genetically*? The possibility & India's genius-flood are partly why we asked 28^y ago: "why would anyone be proud of white skin?" www.dioi.org/ju00.pdf §O16

A16 Ultimate Poetic Justice for the Unempathetic? As the US collapses, its white politicians could under growing Chinese domination come to feel something akin to what blacks suffered in the variously-cruel US: unkillable poverty's humiliating degradation. Couldn't happen to a more deserving bunch. fn 36 & §I126; www.dioi.org/jr00.pdf p.2

A17 Dumbos&Dembos: Freethought Back to Backwaterdum. Fundies who elected Trump spurn Darwin for relating humans to apes. Uppercase Libs who elected JoJoBiden also bar Darwin, using ever-media-advertised THREAT of job-loss or exile for anyone *even implying* races from different environs **might**'ve evolved differing mean mind-potential. (Darwin wrote explicitly in *The Descent of Man*: intelligence evolves by natural selection. See www.dioi.org/ju00.pdf §O8 re Lib dream that 10000^y evolution-gaps are quickfixable in decades! While US cities "of color"¹ reliably keep suffering low literacy, high crime.) Little wonder (by contrast to Northern Europe) every US establishment (media & internet-news & highschool & colleges & churches & museums) sees Darwinism as a threat to be banned in some part, as did 1925 Scopes-Trial-Era Tennessee, then regarded as a backwater.

A18 Dumbos Are Actually Trying to Win a Breeding Race Vs Dembos! GOP forces moms to birth more white kids: §I209. Dems *pay* moms to birth more nonwhites: §I31. Which plan's more fertile? More misery-causing? More improvident? More disgusting?

A19 Jackson-Hamilton Bill to End Racial Friction. www.dioi.org/j429.pdf §N
 Adventurous — some will say outrageous — DIO fantasy. Could usefully narrow options.

¹ Why is the speech-police Establishment threatening *unemployment* for anyone who won't agree to GENUFLECT by using "people of color" instead of "colored people" — unless the latter is prefaced by (§F29) "National Association for the Advancement of —"? *Magnifying trivia* to bow-in-respect for those with top per-capita-rates of murder, rape, drug-use, etc. Every major crime but greed, where whites easily lead the competition by, e.g., profiting from slavery. §I31; www.dioi.org/jp00.pdf

A20 A First. As JoJoBiden opens the border to drugs, viruses, gangs, childsex-pimps, naïve-peon new-voters, one asks if the inevitable (§F38) is here: **our 1st mafia-president.** Is there any precedent for a president who *deliberately injects poison into his own nation*? Most prezes have *Mob ties* (G.Russo *Supermob* 2006) but a **NAKED PAWN**?! It figures since *Libs unknowingly serve The Mob.* §§B6&F38&I35; www.dioi.org/ju00.pdf §§O10&O17

A21 Discoveries Unwanted. The vaunted groves-of-academe are supposed to be where scholars discover new truth. But in reality's grovels-of-academe too many non-scientific fields (maybe most) are increasingly instead training *sucrophants* who primarily aim at shoringup-justifying funders' once-dominant but now endangered&crumbling pet theories. Gross samples: †7 §A5, †10 §B7; www.dioi.org/jm03.pdf §§B-G; www.dioi.org/ju00.pdf §I7.

A22 Ethical Quadrameter.

Oh, what a tangled web we weave

When first we practice to deceive!

From Walter Scott's *Marmion* 1808 — which also includes a lesser-known couplet (again in iambic quadrameter), likewise devoted to pre-guilehood's purity:

Just at the age 'twixt boy and youth;

When thought is speech, and speech is truth.

www.dioi.org/cot.htm#wvcr

A23 Gridiron Quadrameter: "Until the last white line is passed." [*& WHY're we past the endzone?!*]

A24 Celeb Hits. If a celebrity is dumb enough to wreck her/his lungs smoking cigs, while rich enough to buy cocaine, what's being imbibed between the scenes? Are celebs' tobacco-hits in public just legal lifts to maintain highs 'twixt illegal hits when in private?

A25 Woke = wack.

Seemingly.

Reality: §A20.

A26 Proven Road to Disaster. Inversion-Irony: "Socialist" China doesn't combat poverty via Welfare, while "capitalist" US does! In which nation is poverty's **pain** spreading? Which not? Which nation is, despite years of stagnation re ending poverty, thus insisting upon "fighting poverty *strictly the hard way*?" Forever. www.dioi.org/ju00.pdf fn 24

A27 Things Even a Whore Won't Do. But some clubs'll resort to *ANY*thing for lucre: Pols. Below §§F18&I9&I100&I246. Lawyers. A28 Testing Nature-Nurture. The US has *for DECADES* adhered to the idea that some races' failures aren't 99% but 100.00000% due to differing conditions not differing genetics. [1] Legislatures fight racism with ever-more elaborate and more intrusive laws.

[2] Quotas cheat Wrong-race students of college to admit Right-race ones.

[3] Confederate statues Talibanishly fall. News&films *unexceptionally* show racists as evil.

[4] Good and/or heroic Right-race rôle-models grace films. Most baddies are Wrong-race.

[5] Big funding hikes back Education. Small minority middle classes set fine examples.

[6] Minority figures now occupy authoritative posts: judges, senators, etc to the top.

[7] Racial slurs are so suppressed, race-pros must sniffout perceived dogwhistlesµslurs. Result? NO [positive] mass-result. Low scholarly achievement, high rape&murder&poverty rates persist as if no nostrums had even been tried. Rage worse than ever, instead of §A6.

US solution: ban open debate on the experiment's failure & *just ratchet it up another notch.*

A29 "Systemic Racism": Lib-alleged in a US where *anti*-racism breathes from every forum, law, school, church, & blacks vote 90% for black-pander party *while nonblack votes don't mirror that real racism.* (Demedia need the "black vote"; never cite the "white vote": §I33.) Anti-racism hasn't raised any race's mass, instead seeding slumcreep & **US' world-infamous rich-poor gap.** So the counter-equity **RESULT** must be pseudo-explained by claiming (§F6) that the 100.000%-antiracist gov't is *racist anyway at its secret heart.*

A30 Mickey Mouse Prez. JoJo's Cheap-Labor Mentor. *Fantasia's* lazy MickeyM got broombots to do his work. When they reproduced, he was near-crowded out of his castle.

A31 Top 1930s Films' Incredible Unnoted Bloops. *Dracula's* opening frame credits Universal's "Carl Laemmle President". *Gone With the Wind's* cast-list has the Tarleton twins as George Reeves = Brent & Fred Crane = Stuart, names reversed 3^m later, on Tara's porch.

B Alterations & Bans.

B1 Sprucing-Up Drama-Titles.

Tom Hanks as fumbling feebee dick in 2002's *Catch Me If You Can* → *Forrest Gumpshoe*. Serially-nutbinned Frances Farmer 1982 cinebio *Frances* → *Funny Farmer* (§F37). Passionate 1939(&etc&etc&etc&etc&etc&etc) film *Wuthering Heights* → *Withering Hots*. Underfed-negliged Naomi Watts in 2005's *King Kong* → *Undeana Bones* (§G24). *Jurassic World* 2015 features flying reptiles lunchmunching tourists, the ladies frantically running for their lives IN SPIKES → *Diners Soaring* → *Meals on Heels*. Director Alfred Hitchcock's 1960 prank *Psycho* → *ShiveryShivShower* → *Normy&Mummy*; sadly, those who crossed Mummy lived to regret it . . . but not for long (§F44). 1941 Custer unhistoricity-comedy *They Died With Their Boots On* → . . . *But Not for Long*. Lou Gehrig 1942 bio (featuring Bill Stern) *Pride of the Yankees* → *Cried in the Hankies*. Child-actor Macaulay Culkin's family lent him out to Michael Jackson, leading to top billing in the 1990 film *Home Alone* → *Homo Loan*. BondJamesBond 1964 *Goldfinger*'s Shirley Eaton → *Gilty As Sin* (credit Barbara Rawlins). *Turandot* → *Riddle Me This, Fatman*. *Othello*² → *Does Hanky Prove Panky?*

B2 Mob-Rule's Racist Implication. What launched monotonic waning (§G57) of US' Free Speech, is fear of criticizing the shortcomings of "minorities" (who're actually majorities in most large US cities), fear based on minority mobs' perceived propensity for marching or rioting or threatening (§I24) to mute "hurtful" facts&stats. So mob-rule-garrotting of Free Speech is based on general acceptance that minorities are excessively inflammatory. (*Tho they've legit beefs aplenty*: §I31. *As do quieter folk.*) How've dedicated anti-racists so readily adopted a racist attitude? So readily, none condemn it. Or even notice it's racist.

B3 TooTarty System. Plumbing 2PartyPingPongStall: www.dioi.org/j236.pdf §G !!! There's a durable brand of (www.dioi.org/pro.htm#appp) equality in two-tarty US elections: the party of the rich helps the rich, and the "party-of-the-poor" helps the rich. §§A29&I93 Could it be that this pattern relates to why the US rich-poor gap persists?

B4 War Parallel. Elections 1864&1964: war&"peace" candidates were both for war. Related to why the US can't kick addiction to war? www.dioi.org/jg04.pdf §C4

B5 Paternalistic Orwellian No-Fault Transformation.

Until recently, one heard of "failing students". Nowadays it's instead: "failing schools".

B6 "FREE" Nation's Fatal 3rd Rails. *No one appearing on US mainstream media can:*

[1] Debate the existence of god. (Or afterlife?) §I160; www.dioi.org/j429.pdf fn 5

[2] When echoing the GOP mantra that TAXing the super-rich 100% wouldn't dent the US debt, admit that 90% CONFISCATION would.

[3] Question why courts need to determine whether a murderer knew-right-from-wrong; or indeed ask why shrinkoanalysts are in the courtroom **at all**. www.dioi.org/j429.pdf fn 8

[4] Doubt *however mildly* genetic woke-orthodoxy on gender, race, or homosexuality.

[5] Say anything that could be perceived as anti-Jewish, anti-black, anti-homosexual, etc.

[6] Criticize the too-often hateful, destructive, bloody record of *monotheistic* religion. §F7

[7] Ask if *Mob drugtrade megabILLIONS* (§A20) have by now overwhelmed every traditional establishment, maybe explaining why US gov'ts increasingly wink at theft&Leftriot-threats & why Congress hasn't probed other organized crime in decades. §§A20&F38&§I35

[8] Note US fems' *terror* of ducking fashion-slave *labor*, e.g., *de-rigueur* bare legs&armpits.

[9] Ask if integration's value outweighs decades of later-exploding crime&drugs. §I125

[10] Note **BRASS** of anti-birthcontroller Pope's plea³ for poverty-overflow immigration!

² Ultimate *Othello*: Derek McGrath's 1983 realization *Cheers* Season 2 Episode 4 "Homicidal Ham".

³ Multiply at will & ask others to pay for the issue. Like US welfare. Pope begs immigration of *HIS* birth-uncontrolled wards' kids into *OTHER*, provident states. No. As abortion-hating VatCity is *responsible*. Pope owes invite: resultant poor (§F39) into Vatican City, soon Bratican City, as babygram turns St.Peter's Square into St.Peter's Cube, ere the stack of protoplasm accelerates towards the Moon.

B7 Pwank-Aiwing-Bwewewy. Ere Mike Nichols went bigtime, he & Elaine May were a comedy team. One of their acts: radio ad c.1960 for the Narragansett Brewery, whose proud motto had long been "Straight From the Barrel Taste". Curiously, throughout the Nichols&May plug, a speech-impediment was affected, ostensibly for humorous purposes, thus extolling Nawwagansett's gweat bwewing, etc. The ad ended by similarly emphasizing the company slogan: "Stwaight Fwom the Bowel Taste." All done so smoothly&naturally, it was months ere the bwewewy woke&ended the scatological prank it'd been *paying* to air.

B8 Creating an Unforeseen Equality. Recall red idealist Dalton Trumbo & vile HUAC that tried to silence him? How many modern "leftists" still do? Such history bores them. Their ever-wheelspinning crusade is *ONLY* to force race "equity". As inevitable failure's frustration keeps building, they increasingly suppress dissent. Just as vile HUAC did.

B9 Gateways. Though loans are essential to a vital economy, *ordinary* homebuying now entails 30^y mortgage-debt, gateway to US debt-addiction, attachment to banks (which work with the gov't to snoop on citizens, e.g., www.dioi.org/tar.pdf §D13). Being looong-enlaved by a bank (& a share of Reagan-GOP-launched national-debt explosion) is now deemed normal. It wasn't always so. As loans' rôle in the housing market crept up, year-by-year, prices swelled, burdening citizens with ever-larger debt, while banks got fat off the process. Control-test example: in the 1980s, banks were shy of underwriting loans for co-op homes, so SURPRISE: you could get double-value for your dollar with co-ops. Revealing the naïveté of those who suppose that without our wuvable banks, nobody could afford all those expensive homes. *Pre-posterous thinking*; the very REASON homes cyclically *get* so expensive is BANKS. Whenever banks are not involved with real estate purchases, prices are lower since average buyers lack the "wealth" of bank-loan-backed buyers.

B10 Other Gateways. The welfare cycle: when conservatives warned it would explode, few listened (www.dioi.org/mot.htm#ttgc). Also TV ads' length: §I77. IMMIGRATION likewise — DemDream Eternal Electoral-College Power via Texas: *FloodIt2FlipIt*.

Citing dangers of population-growth (which merely triggered WW2: B.H.Liddell Hart 1970 pp.7-8) is near-banned from TV 'snews (in favor of global warming). E.g., the 2008-panic's *positive* search for gross amounts of alternate energy, without accounting-for the per-person factor's *negativity*: each human's share of said gross halves if world population doubles in the next few decades. Similarly: when lawyers began milking death-penalty cases, at first delays amounted to merely a few weeks.⁴ All the cited gatewayed phenomena feed circularly upon themselves (www.dioi.org/def.htm#nlro). If wisdom ruled, stitches would be taken in time. But if there is profit in any cycle (www.dioi.org/pro.htm#vzge), it will only grow. Until equally inevitable (www.dioi.org/mot.htm#mgsg) implosion.

B11 Unholy Vacuum. *Rock of Ages* was dropped from the *Hymnal* in defiance of popular love of it, as witness popular film appearances, e.g., *Doolins of Oklahoma* 1949, *Abandon Ship* 1957, *Warlock* 1959, *Sweet Bird of Youth* 1961, *Lemora: Lady Dracula* 1973, *Without a Clue* 1988, *Frank & Jesse* 1995. *Rock's* appeal is too universal for the deletion to stand.

B12 Money-Printing for Afghan Sprinting. For 2 decades the US borrowed ordmag⁵ a trillion dollars to pay for (among other extravagances) training the awesome 300000 man Afghan army, which Obama in 2014 and JoJo on 2021/7/8 guaranteed no Taliban takeover. IOC snickered that, for far less, it'd train men to that army's #1 skill: **RUNNING**. §F52

⁴ John Brown was stretched in 1859 only weeks after conviction. During the brief interim, *Harper's Weekly* (p.722 of 1859/11/12 issue, an original of which belongs to the *DIO* Collection) asked editorially "Will John Brown Be Hanged?" (His latest murders [Harpers Ferry] were 1859/10/16; he was captured 10/18, convicted 10/31, hanged 12/2.) Under today's legal-necromancy, the War Between the States would have been over (and he a senator?) decades before the sentence was (if ever) carried out — despite the modernly-trivial fact that there was no doubt of guilt. That's because, nowadays, *no matter how certain the guilt* [has anyone pondered aloud the implication (below) of this seeming insanity?], the Prime Rule of Modern Law is (www.dioi.org/pro.htm#nlvx): **the lawyers must be paid**. I.e., we have loads more lawyers than in 1859. But: **more justice?** (Well, §F61[f] *is* encouraging. Partly.)

⁵ Ordmag = abbrev for order-of-magnitude, i.e., the nearest power of 10.

B13 Why are China, Europe, & N.America traditionally dominated by their northern peoples? Is higher intelligence encouraged by sharper seasonal challenges?

[Mussolini scoffed at nordic theories, saying if true Eskimos would be running the world.]

B14 The Harms Race. Has the US become so dominated by an oil-profit-funded gov't-media-combine that it thinks continuing to *flood* its roads with IMMENSELY safe gas-oinker SUVs is long-term safer than ending decades of enabling SUVs (via serial-theft of the Arabs' oil)? — which could possibly end in US cities getting WMDed by hate-driven nationalists. Reminder to Bush2-era USers: ethnic hatreds last for decades. Or more. North vs South. Armenia vs Turkey. Hitler's revenge for Versailles. It's deadly stuff. But of course the average football-addict knows that SUV ads fund his TV-football fixes, & that the REAL safety issue is: driving a virtual tank on US highways ensures a collision can't hurt (www.dioi.org/pro.htm#wlvv) since the other car won't be an SUV. Yet. We hope.

B15 5Word 2Guy Exchange:⁶ “Married?” “Frequently.” “Children?” “One was.”

B16 Establishment Win. The US in 2020 got a colored (fn 1) pothead Veepess & a ditz white President who wooed blacks by saying: “If you don't vote for me, you ain't black.”

B17 US Middle-East Nationbuilding: Establish a corrupt (*always* corrupt) client gov't & mercenary army, munificently backed by copious “foreign aid”. (Voted by kickback-greedy pols: www.dioi.org/pro.htm#cqcqv.) Then wonder why both collapse. §B12

B18 Hitler's 2 Pre-1945 Suicides. His 1941/6/22 attack on Russia doomed him. Pearl-Harborish-sneaky but unlike Japan case *unprovoked* by embargo. Crazier yet his 1941/12/11 war-declaration on US, oft-seen as Pearl-Harborish-dumb in defying huge industrial power. But actually far, far dumf: *distant US couldn't be bombed from German airfields; however, the US could bomb Germany from nearby British airfields, predictably fatal for Nazidum.*

B19 Georg Wilhelm Friedrich Hegel: “. . . daß diese Furcht zu irren schon der Irrtum selbst ist.” Fear of error is already itself an error.⁷ Hegel's clever observation has long gleamed in lighted letters atop Stuttgart, Germany's RAILWAY STATION. By contrast, the motto one sees out front at one of the local “universities” near Baltimore is: “Go Tigers”.

B20 Quiet. We learn more from listening than from talking⁸ (www.dioi.org/cot.htm#ssps) & more from humbly contemplating mistakes than from proudly focusing on vindications.

B21 What would've been the best pre-battle advice to US female Iraq-War soldiers, to lower the chance of rape if captured by Iraqi troops? *Shave your mustaches.*⁹

B22 Wisdom Not Paying Off. We note below (§G18) that the smartest US President was also the bloodiest. In earlier times, the two rulers most reputedly wise were Solomon and Marcus Aurelius. Yet both geniū actually led to the *downfall* of their century-old royal lines: Saul→David→Solomon & Trajan→Hadrian→Antoninus→Marcus.

B23 Two Genetic Perversions. [1] The insanity that 1933-1945 Germany ACTUALLY jailed, enslaved, and/or executed a person — on no more than evidence of Jewish *ancestry*.¹⁰ [2] The incredible Confederate norm to shun or enslave those with black ancestors.¹¹

⁶Meld of scenes from *Jurassic Park* (1993) & *League of Their Own* (1992).

⁷www.dioi.org/err.htm#trzc. DIO's publisher DR is particularly obliged to relay this gem, because (see at Hoskin: www.dioi.org/j414.pdf §A [p.48]) he does not in general admire G.W.F.Hegel (www.dioi.org/cot.htm#mnfp), an attitude perhaps inherited from his favorite Harvard philosophy-prof, Henry Aiken, who noted that G.W.F.Hegel's 19th-century dominance had greatly waned, wryly pseudo-denying that not even at Hegelism's peak had G.W.F. actually stood for “Great-White-Father”.

⁸DR's friends can hardly restrain a smirk — since occasionally he's been known to talk on. . . .

⁹OK, DIOliciously awful taste. But may help air some US-undiscussed truths. The West's current revulsion at public display of womens' body-hair is manufactured by depilatory-manufacturers' greed, *wasting girls' time&money* (§B6[8]), *warping their priorities*. Most of pre1950 Europe didn't care. Robed Muslim ladies don't bother; & many of their men prefer hirsute women anyway.

Question: if bald bodies are sexually alluring, why are the nonbald nations having the most children?

¹⁰Walter Schellenberg of the S.D. (Sicherheitsdienst [Secret Service]), kept the most feared Nazi of all, S.D. chief Reinhard Heydrich, at bay by being near-alone in knowing Heydrich was partly Jewish.

Nazis' 1941/6/22-launched Vatican-unprotested murder of 28 million Red atheists (§C5).

Muslim Arabs' Holy War 2001/9/11 attack on the World Trade Center: 3000 dead.

C4 Ducking the Duck Issue — the blindmindkind that gets a Red Hat.

In the mid-20th-century, Cardinal Cushing of Boston used to encourage the anti-Commie witch-hunt by observing of suspected pinkos that:

“If it walks like a duck, sounds like a duck, and looks like a duck, it's probably a duck.”

Oddly, he didn't adduce the same criteria to discern whether Jesus was human or divine.

C5 Catholic Hitler Funds Catholic Schools to Prep for War. Roman Catholic Hitler's 1933/4/26 discussion with two Church prelates, Paul Steinmann (Vicar General of Berlin) & Wilhelm Berning (Bishop of Osnabrück) is doubly-documented. During this genial chat

(www.dioi.org/bes.htm#dgfp), the new Chancellor (appointed 1933/1/30) assures them of:

[1] his continued Catholicism [**NB: Adolf Hitler is un-excommunicated to this day!**];

[2] his Catholic mission to stamp out godlessness & Bolshevism; [3] the consistency of Nazism & the Church's common view of parasitic Jews, which justified ghettos; [4] backing state-support of Catholic schools (which continued MUNIFICENTLY [billions of deutsche-

marks] *right to the very end of WW2*); [5] his insightful view (www.dioi.org/pro.htm#bcrc) that religion is of vital utility in fighting wars. (Fuller account of this meeting: Guenther Lewy *The Catholic Church and Nazi Germany* 1964 pp.50-52.)

From notes of the meeting, we have Hitler's exact words (*ibid* p.52), over *six years* before he launched WW2 (which cost c.40 million European lives) by attacking Poland 1939/9/1. Hitler: “Trouble with Poland is on the horizon. We need soldiers, devout¹² soldiers. Devout soldiers are the most valuable, for they risk all. Therefore, we [the Nazi gov't] shall keep the confessional schools in order to bring up believers”.

C6 UltraSimple Mass-Religion. How else does a warring nation get citizens to run (§C5; www.dioi.org/rel.htm#hmtv) into enemy fire? The US, by mimicking the Muslim wave in order to defeat it, is starting down the dangerous road to (www.dioi.org/pro.htm#kkbq) becoming its Christian reflection. US think-tankers are now consciously, coldly (unless

Trilaterals [e.g., Zbig] are warm&cuddly) engineering religionization of the US, much to inspire soldierly obedience&sacrifice for wars' stay-at-home country-club-clan designers.

C7 “Anti-Catholic”: A now-common smear of one who opposes we-vs-them religious bigotry, which the Roman church has encouraged as carefully as (and more successfully than) any other religious cult. (So far. Though, modern “Catholic” Europe's gentle semi-secularism and the oncoming Muslims put doubt on long-term championship-maintenance.)

Being anti-Catholic was once so proud a label that whole churches were founded (from 1529) as explicitly *protesting* the Church's mind-control totalitarianism. (Which isn't subtle: Confession & insulated rote Catechism.)

What, after all, does the brainwashed modern public think the word “Protestant” *means*? So how have we gotten, in effect, into a situation where the very word Protestant (in its actual excellent original “anti-C” rendition) is effectively a smear?! The answer is: propaganda, masquerading as a free and

let's-all-get-along press. As if peace&freedom are going to flourish where cults are trying to outbreed each other (e.g., §§A18&I32&J30), in a world where bigots are too numerous (or too useful) for The Medium to dare upset the robotic dears' narrow mindlets.

C8 Rooms&Room. In the 1990s, JoeBob Briggs asked: what do you call a Polish person living in a 1000-room mansion? Answer: Your Holiness.

Then DR added: what do you call 1000 persons living in one room?

Answer: Your Holiness' birth-control pupils. www.dioi.org/j429.pdf §§H7-H8

C9 US Protestant “coalition” = inchoate non-popery potpourri.

Like flabby, differently-superstitious 4th-century paganism's eventual defensive fusing-together (a too-late failed reaction to the Christian 4th-century takeover) — which the *Cambridge Ancient History* once called a “barracks religion”.

C10 Theological Circular Shell-Game. Theologians' brains have solved the source of brains, by their lately-infectious — indeed downright fashionable — theory that human intelligence is explained by “Intelligent Design”.

C11 Best Mutt&Jeff Act: Roman church's Jeff to the IRA & anti-abortion terrorist-bomber Mutts. Besides Herblock (on the latter issue), no press-person dares be an appropriately severe theatre critic. See Herblock's cartoon (*Wash Post* 1994/8/3 p.A16), showing picketers innocently saying “Shooting doctors? Bombing clinics? — how could people think of doing such things?” They're carrying signs declaring “Abortion is MURDER” (www.dioi.org/rel.htm#vtgk), “Baby-killing doctors must be STOPPED!”, “Never mind what's LEGAL, this is a fight for LIFE!”, “Abortion Clinics are DEATH chambers.” It's such bold cartoons that pose most danger (www.dioi.org/mot.htm#jscj) to the US mestabishment's pompous claims to legitimacy, so it's little wonder that cartoonists are now being systematically laid-off nation-wide by US newspapers. Of course, Islam has lately taken over the Mutt&Jeff championship-belt, along with the bunnyrabbit religion one as well.

C12 Bunnyrabbit Religions. We take you over (www.dioi.org/rel.htm#qvvm) numerically unless you kill us, a challenge producing the real Dracula [Vlad Tepes], who repulsively did just that to save (like §I53, centuries later) Balkan Europe from Muslim hordes (§C12; www.dioi.org/pro.htm#vxcg). The only segregationist ever tholed by the intelligentsia (thru never labelling him as such) was *Population Bomb* author Paul Ehrlich who was for “walling off” over-fecund regions. That's worked (so-far) in Gaza, since it protects Israel, also in Cyprus, & the anti-birth-control VatCity's walls protect it from the very immigration it begs other nations to accept: fn 3. But the world rulership has insisted on fracturing walls elsewhere. In a Pacific war that began over clashing empiries & their thirst for oil, Harry Truman finally dropped nukes on Japan because its Shinto-religion fanatics were saying in effect: kill us or we rule you. Islam's population-explosion — over ten times larger than 1945 Japan's, and spread across the world, is saying the same thing far more convincingly and, in the West & Russia, doing so with ballots instead of bullets, while Iran (enraged at the West's decades of political interference & oil-drainage) may be building Defensive nukes. How long before the West's next Truman is going to be faced with a terrible choice?

Numerical submergence & energy-impoverishment? Or nuclear war?

C13 Disappearing habitat. Man's population-growth crowds out other species. §I137 Ann Coulter — and likely also less zany John Stossel — are for no restrictions on that growth. Indeed, Ann approvingly says her religionists want to fill up the Earth's land-mass with humans until it's SRO! (§I209; www.dioi.org/pre.htm#nzpr), which would wipe out all other animals (habitats, etc), who won't be fit enough to survive. (And Ann says she's *anti*-Darwin?) One can be sure Ann doesn't think pandas could evolve the gills they'll need to move into Earth's oceans & get the hell out of man's rightful way. For Stossel among others, the more kids the better: it allegedly means more chances for inventors, etc, to get born. Hmmm. Haven't these guys noted the moderate fertility-rates of those groups (e.g., Jews, Europeans, Chinese, etc) that produce most of the ideas that improve knowledge?

C14 Gaming. Adman-Mobsterese for Gambling.

I.e., legitimizing-promoting a *something-for-nothing* ethic. But, then, don't even get me started on skype mass-religion (www.dioi.org/rel.htm#tgd), *which has the very same INFINITE gain-vs-investment ratio (§G22) as something-for-nothing*, a con that only the most naïve fall for, as we saw in *DIO 16 †4* (www.dioi.org/jg04.pdf) §F7.

C15 Male Religion. Demography of the several bunnyrabbit religions (all of 100% male rulership): numerical-political advantage to those too brainwashed and-or improvident to use birth control. See www.dioi.org/j43f.pdf fn 8 & §E [pp.113, 116-117].

C16 Sample of Christianity's Unfaced Contradictions: Was Jesus' Earth-Visit Fair? What becomes of those who died before him? Or never heard of him? And/or just inherited paganism? Christians protest that god-will-provide or god-will-find-a-way, anyhow. But, if so, then: god could similarly bless all without sending Jesus. [Parallel problem: §G59.]

C17 Most Elaborate Eternal-Principles-Pose by Self-Preserving Chameleon.

Roman church. However, one notes that despite French rule, Tahiti yet lingers in the same majority-crude-Protestant limbo it had in early Brit missionary days. This is either a principled exception, or it bares a serious weakness in the general judgement at the head of this paragraph. DR's admiration for Jesuit intelligence: fn 66 below. And his high personal debt to 3 brilliant Jesuits is explained at www.dioi.org/jo00.pdf fn 66.

A too-little-noted *major* double-credit to the Roman church: www.dioi.org/jq00.pdf fn 6.

C18 Never&Never. UFOgufofers&ESPbrained never get-it: vindication'll never come.

C19 Personnel Faith: Undiscussed MegaDanger of Virus Research for Military Aims. What's to stop a gov't lab-scientist working on deadly-viruses-as-weapons from investing in pharmaceutical stocks thru a private Cayman Islands account, then secretly unleashing a world pandemic: wrecking social peace, but self getting spectacularly rich? How do relative priorities differ from those of cheap-labor-seeding capitalists&enablers? §§I31-I32&I162

D Music

D1 Saints. The Forever¹³ Ones: composers who spend their lives granting spiritual apotheosis to eternal future generations.

D2 Martinu and Dohnanyi. Recent decades have seen resurrection of long-neglected worthy composers, e.g., Bruckner, Janáček, Mahler, Nielsen, Korngold, Barber.

Hopefully, the lyrical-dramatic and amazingly prolific Czech, Bohuslav Martinu (1890-1959), and Hungary's Ernő Dohnanyi (1877-1960), composer of the last great romantic piano concerto (1947), will ultimately join them. Both's music (& that of others cited here & in *DIO 30*) are readily experienced by clicking on glowing links at www.dioi.org/mus.htm.

D3 Maurice Ravel. His most popular piece = *Blaro*.

[Legend has it that Ravel commented: Yes, it's popular. A shame it isn't music.]

D4 Embarrassing. Rulers with highest musical taste = teener Mad Ludwig II & Hitler.

D5 Richard Strauss' Rosenkavalier. If champagne¹⁴ were music, it would sound so.

D6 Worn Cords. E.Merman: glass-scratching as music. www.dioi.org/j429.pdf §G2[c]

D7 Mob Ditz. Billie Holiday: drug-haze as music.

D8 At Least the Skaters Themselves Care. At the 2022 Olympics, ice skaters performed to Rachmaninov, Puccini, Tchaikovski, & Beethoven. Most weren't even identified.

D9 Abuse of Captives Vs Geneva Convention? The degrading “music” industry is force-feeding youngsters a culturally (& physically) ear-damaging diet of designedly exclusive aural slime. A generation ago, films just ended with a quick list of the cast, if that. Now: do you really *need* to take time at a film's end, to learn the names of the Rigging Gaffer, Dolly Grip, etc for 5-10 minutes? You didn't used to, 'til the “music” industry figured this was a handy way to hurl payola-funded tunes against captive ears.

D10 Ethereal Early Songs. Korngold *Marietta's*, Richard Strauss *Zueignung*, Vaughan-Williams *Bright Is the Ring of Words*. *All from the very outset of the composers' careers.* (Deter potential suicides by: reminding each he will never hear such refined beauty again?)

¹³The work of what are generally viewed as saints (Mother Teresa etc) is passing, and often just counterproductively prolongs or even multiplies the social ills it ministers to, which is part of the reason why (as ultimo-saint Jesus said: www.dioi.org/j805.pdf fnn 4-5 [p.46]) poverty remains unshuffable.

¹⁴DR has experienced *Rosenkavalier* several times in Dresden's Semperoper (where it was premiered in 1911) always with a half-glass of champagne, each time his year's total alcohol intake.

E Fresh Political Perspectives

E1 Appreciating Enemies' Positives. The adage Know-Your-Enemy too exclusively implies aggressive aim. But in academe: try Wiser&Kinder (www.dioi.org/pro.htm#ctnf; www.dioi.org/bes.htm#tdsh). No sham: *Actually Appreciate Your Enemy*. Not only for occasional genuine contributions (e.g., †10 §A below) to your knowledge, but also for often-unintended stimulations to new findings (*DIO 22 [2018] †3 = www.dioi.org/jm03.pdf fn 10 [p.52]*). Once in a while he may even be right! Be then grateful&gracious&unstubbably admmissive, not resentful: e.g., *ibid* §I14; www.dioi.org/jb20.pdf cover&etc.

E2 Fairness Doctrine. GOP Heffalumps Ban Mice — With Dembo Asses' Connivance: When Obama yet-again-reassured (2009/2/18) his plutocrat-press boosters that he wouldn't resurrect the Fairness Doctrine, one recalls how often we've been treated to the invert-canard-mantra of TV 'snews: *the Fairness Doctrine would kill free-speech in the US media*. (Question-in-passing: How can you kill a corpse?) The joke is only rarely even explained, but the claim is: it'd be too costly to have 50%-vs-50% equal time for opposing viewpoints, so no dissent would ever appear! The essential idea of the Fairness Doctrine is obviously the by-now-quaint notion that the public ought to have access to varying viewpoints. Since the US' increasingly crooked and greedy rulership lives in proportionately advancing terror at exposure by such freedom, it's concentrated attention on the It's-Just-Too-Expensive alibi. But a moment's consideration reveals a solution, which itself reveals what the real fear is: redefine the Fairness Doctrine as not requiring EQUAL time but rather that some small but not insignificant PORTION of orthodoxy's airtime (www.dioi.org/pre.htm#fdlk) — let's say merely 1% — be granted to opponents of dominant positions broadcast on public networks. The media don't just fear dissenters getting *equal* time; no: what terrifies these dictators is **heretics getting ANY airtime**, a fear now also sterilizing the internet.

Faith in Races' Equal IQ: #1 among privileged views that killed the Fairness Doctrine.

Since that religion can't be successfully defended but by muting its skeptics ENTIRELY. Hitherto, by diverting attention to a 50:50 fantasy, the boobmeisters have had only to scoff at their Fairness-Docctrine-50-50-Straw-Man and relax in 100.000%-total surety of 100.000%-total ability to 100.000%-blot out heresy for consecutive decades — not merely with impunity but with few citizens even **noticing** that this is the game-plan.

Will the public ever wise-up? If promotion of awareness (www.dioi.org/pre.htm#snpl) of our "One-Percent-Doctrine" proposal became wide enough, it's theoretically possible — since, after all, the rulership's arguments against it would be transparently desperate. Therefore, corporate defense against the One-Percent-Doctrine proposal — in order to continue 100.000% media censorship of heresy — will require (how did you guess?): 100.000% media censorship of the very existence of the One-Percent-Doctrine idea. . . .

E3 Brothers. *All Racists Are Equally Forbidden But Some Less Equally Than Others.*

On 2014/10/21 national TV 'snews ran a cute-story video: as a black guy joke-insulted Obama in person while encountering him in public, Obama alertly but also **genetically** quip-joked about how inapt it was to get such guff from "a brother" (*which naturally drew not the slightest TV 'snews criticism*). Genuine, consistent anti-racists don't talk that way.

E4 The Sweet Rehab Illusion's Unsweet Issue. Releasing criminals as rehables (§J7) who need 2nd, 3rd, 4th, *n*th chances helps lawyer-industry income: see too-**PROPHETIC** "Criminals Aren't Just for Breakfast Anymore" at www.dioi.org/j429.pdf §Q. LibMedia-justified by prisons being "racist" since inmates are disproportionately black. (Without noting it's because criminals are disproportionately black.) The program is educational: one LEARNS *not to leave witnesses*. US criminals' recidivism-rate being over 50%, the effect of so many "2nd-chances" is to endanger the non-criminal citizenry: for every 2 convicts sprung, at least one crime on-average against the unoffending, is **guaranteed**.

NB: NO ONE IN THE "DEMOCRATIC" U.S. GETS A DIRECT VOTE ON THIS.

How's the US gotten USED-TO world disgrace: career criminals terrorizing its streets?

The arrogant nation that's spending so much time&treasure as self-appointed cop-for-the-rest-of-the-world that it can't even keep own cities safely policed?!

F5 Mass Murder Uncriticizable Racial Privilege? Insult's Worse Than Murder?! Medium-ignoring 99% of US ghettos' gun-deaths not due to cops-of-uncolor should've long ago caused the most educational & potentially-lifesaving rewrite of "Black Lives Matter":

ALL Black Lives Matter §I125

Is the Medium's serial-pardoning-ignoring of 1000s of annual urban killings of blacks by other blacks (§I125) a PRIVILEGE, a right not allowed other races? Most especially not permitted to cops of an unprivileged hue. Is this glaring-but-LibMedia-undiscussed contrast parallel to its demands (www.dioi.org/cen.htm#rwbp) regarding language? — by which only a black is allowed the Privilege of calling another black a crude racial insult Medium-forbidden to non-blacks? [ND/DC murder ratio: www.dioi.org/j112.pdf §G7 !!!]

F6 Paranoiac Certitude's Unseen Implication. The woko-Left is so sure of equal mean racial IQ that it *knows*: all black woes **must** be from conspiratorial cheating by less ethical races: **SYSTEMIC RACISM** (§A29). Now-famous even while superbly-hidden, though indubitably media-real: §F24. But mass black non-advancement has persisted for millennia. Question: how is being fooled by conspiracies for 1000s of years a *defense* of black IQ?

F7 Worst Historical Coincidence. In the fateful year 1453 AD, occurred invention of the printing press that could've perpetuated books lost forever in bibliophilic Constantinople's fiery fall to Mohammed 2 the same year. Thanks, Islam. But: www.dioi.org/ju00.pdf §G3

F9 Careless-What-You-Wish-For UltraRaceHater Paradox and The Durable Lethal Insanity That Killing a Target Group Will Produce Paradise. Once upon a time, there was a race-hater. Let's randomly call him 'Dolf. 'Dolf was particularly impatient with a world too-full of dummies, whose inability to function at simple tasks kept getting in his way — and whom he suspected of inadequate genes. So he summoned his sidekick Heinie, ordering him to DO-SOMETHING-about world genetic-stupidity. But since shipping folks to the Moon wasn't yet feasible, Heinie opted for mass-extinction. And he quite naturally asked 'Dolf: what's the cut-off point for elimination? Our 2 genii thought&thought&thought — until Heinie brainstormed: 'Dolf, you, the incomparable cynosure, must be the measure of survivable man! Your lofty IQ will be the boundary-point: anyone below that must go! Typically modest, 'Dolf assented, suggesting Heinie take a little time off to execute the holy task. A few days later, Heinie returned, proudly reporting he'd exterminated the required fraction of all humanity. A beaming 'Dolf congratulatorily awarded Heinie the Iron Cross — promoting him officially to the rank of Reich Lapdog. But Heinie was symmetrically ready with his own special superlative for 'Dolph:

Exasperating frustration, from perpetually seeking-to-identify but failing-to-fix what's gone wrong, may finally push Black Lives Matter (& allies in preferring ideology to data) into Aquinas' 1st-Cause logic:

GOD IS RACIST. §F6

F25 The Man Who Put Permanent Quotes Around "Art Expert": Han Van Meegeren. The Most Expensive Painting in the World: Van Meegeren's *Christ at Emmaus* (sometimes called *The Supper at Emmaus*), which was publicly hailed by a UNANIMOUS art community as the greatest of all paintings by Dutch artist Jan Vermeer, from the time of its 1938 sensational 1st public display at Rotterdam's top museum. It was the darling of a proud art world for seven years. All the way until 1945, when art-crowd-scorned Han van Meegeren boasted-confessed that he had not collaborated with art-thief-Nazi Hermann Göring but had swindled him instead — having painted *Emmaus* & all his purported "Vermeers" himself! — and having thereby hoaxed the world's "art experts". After the truth's emergence, a US millionaire attempted to buy *Emmaus*. (John Godley *Master Art Forger — the Story of Han van Meegeren* 1950 p.219.) Never happened. Why? Suggestion: the van-Meegeren-exposed leeches that control the art world will NEVER let this ultimate embarrassment out of their reportorial control. Said breakwindbags draw that world's fiscal blood from uncultured nouveaus who think that paying millions to put Old Masters or

¹⁵§F29. It is not at all surprising that media-brainwashed ideologues will disagree. But it is disappointing — and potentially lethal to a culture — that they will not even for a moment entertain ANY possibility that their grail will forever remain an enragingly out-of-reach chimera.

(www.dioi.org/def.htm#nqtz) Modern "Art" — or whatever is "expert"-certified as such (which is the same thing) — on their walls is guaranteed to make them overnight-cultured non-nouveaus. (Note that there is fortunately no equivalently corrupting factor in the world of serious music, though pseudo-experts infest it as well.) The obvious fear is that *Emmaus* will be put on display and hyped as the chief exhibit in a demo that "experts" are too dumb and-or too corrupt to be trusted in their certifications, which are essential to a continuation of bringing in the blood. Offer \$200,000,000 for virtually any other painting, you buy it. Not *Emmaus*. Which makes it the most expensive painting on Earth. Q.E.D. Just one more superlative achieved by the greatest of all art-forgers, Han van Meegeren.¹⁶ And is Vermeer the most over-rated Old Master? Though he had a gift for color&precision, one wonders: is his price based on talent or on rarity? (Less than 40 of his paintings survive.) The books that call van Meegeren no-talent, while ritualistically genuflecting to Vermeer as "The Master" (e.g., 2008's E.Dolnick & J.Lopez) [a] can't explain why van Meegeren's *Emmaus* was long ranked *as better than any of Vermeer's dozens of paintings* (perhaps because most of the latter, though meticulous, are boring?) and [b] uniformly fail to tell the reader that Vermeer was a close associate of lens-expert Leeuwenhoek (an inventor of the microscope and an executor of Vermeer's estate), and it is now widely understood that (at least in his later period, which produced most of his surviving work) Vermeer used *camera obscura* to lens-cast upon the canvas an image of the scene he was painting: a technical version of what moderns might call painting-by-the-numbers.¹⁷

F27 US Politics' Top Theft [ere the ripoff causing the 2008 crash]:

Kickbacks to the Senate Armed Services Committee which accounted for all four 2008 presidential candidates (www.dioi.org/pro.htm#qptn): for voting a TRILLION dollars to a superficially (www.dioi.org/pro.htm#cqcq) dumb Iraq occupation.

F28 When Initials Speak Louder Than Words.

Funniest evidence of ad-men's youth: the Obama-mafia internet fund-raising campaign's temporary 2011 reference to him as "B.O." — before an oldster wised those wiseguys up to the letters' history: plenty of older-generationers still recall decades of Lifebuoy soap's ad-campaign to wipe out the worst scourge of mankind: "BEEEE-OOOOH" — a bass-echo-chamber rendition of the initials of "body odor".

F29 Institutional Immortality: 1000^y from now, what current organization is more likely (absent §I209) than any other to be just as robust as it is today? Answer: NAACP.

F30 Beyond "Awesome". Most gratefully overused¹⁸ expressions of the new millennium: "at the end of the day", having "issues", "stepping up", "re-imagine".

F31 Oilslurpers' Blind "Intruder"-Flippage. Mirrorlesstest pressbabble = complaints out of the media (while the US-puppet-invited other-side-of-the-planet-US imposed a bloody, increasingly hated foreign occupation on Iraq) labelling occasional born-next-door Iranian guerillas as "intruders" in Iraq.

¹⁶He is also the most vilified painter, ever, in revenge & warning to any who might try to emulate him. Art-snot books call him a lousy artist, a Nazi, a liar, a lush, and so on. Though his deft drawing "Deer" was so beautifully done that it "once could have been found in nearly every Dutch home" [E.Dolnick *Forger's Spell* 2008]. None of which changes the fact that he proved (*ibid* p.153) his point better than anyone else, ever: art criticism on genuineness differs from voodoo primarily in better pay.

¹⁷The elevation of Vermeer to godhood (from 1866 on) had proceeded for roughly a century before anyone realized this. With Vermeer evaluations already in the fiscal stratosphere when his use of camera-obscura became generally known, no art-groupie could admit that this has any relevance at all (www.dioi.org/sha.htm#rwmt) to the alleged grandeur of Vermeer's paintings. *A view's imperviousness to incoming data measures its baselessness.* But, if the optical artifice is so irrelevant to Vermeer's stature, then: why do both 2008 books on van Meegeren & Vermeer fear to mention it? Indeed, Dolnick [p.65n] tries to deny Vermeer knew Leeuwenhoek, without even telling the reader what his concern is.

¹⁸Also: deliberately routine expressions in films that make it seem normal or Cool to get drunk and even barf: "hammered", "wasted", "blow chunks", etc. On the extreemely remote possibility that booz-industry money could find its way into backing films, what effects might one expect?

F38 Dopiestic Coincidences: Run-by-Mon. Ere the oil-addiction-inspired Iraq invasion, the wars US pols chose were (www.dioi.org/pro.htm#ttwg) defending Afghanistan&Kosovo; both flood the West with drugs for MAFIA-fed dope-addicts — producing gigaprofits, MONEY that can (www.dioi.org/pro.htm#pdsd) corrupt with ease **a US gov't&media notorious for being run purely BY money**. The 3rd (Iraq) of the 3 most recent US wars is over oil, an addiction having a coincidental resemblance to drugs — a huge wholesale-retail markup: *dirt-cheap-to-produce*, but *expensive-to-buy* on-the-street — when an armed (www.dioi.org/bes.htm#pctx) *invariably* armed cartel controls it and uses the vast markup-difference to buy media, elections, pols & thus gov'ts.²⁰ The world's top heroin producer-nation is Afghanistan. The world's top heroin user-nation is the US. Whose top user-city is Baltimore, a major but near-bankrupt port on the Atlantic, inland up the Chesapeake Bay: convenient for Eastern-US drug distribution. The successful restaurateur brother of Afghanistan's president (whose family is involved in the drug trade) resides in Baltimore.

§A20

Both follow classic flim-flam: tell the fat-head what he wants to hear. (Lucian says "fat-head" was already a professional term by the 2nd century AD.) The US' rulership regards both as vital to the smooth functioning of the System from which it draws wealth&power.

Their sturdy maintenance needs expensive&unsleeping (www.dioi.org/smo.htm#pffs) media police protection (www.dioi.org/fff.htm#lddb), a broad hint at the obvious: both are so logically feeble, their dominance would crumble under the slightest open debate. §E2

F50 The Media Will NEVER Ask. Jusr how black is "our 1st black President"? How white? How Ethiop? Reps. Ryan&Warren have given *their* DNA data? Why hasn't BO?

²¹Noted in the recent Katherine Hepburn biography: DR's father Lou Rawlins [later director of Baltimore's airport] met KH — and her girlfriend — while crossing the Atlantic during the mid-1920s, as mentioned in her diary. Both later knew Howard Hughes professionally.

²²"Girlperson" is DR's sometime term of pseudorespect for Orwellian language-demands, a reaction which grew out of fellow-Harvardian Tom Lehrer's wry comment that, when he was a boy, there were certain words you couldn't say in front of a girl; but, now, the only word you can't say is: "girl". (Unless you're a girlperson: §§F5&F42).

F51 The Battle-Cry of . . . of Oh-Yeah: FREEDOM. Most *pre-post-erous* (in the literal sense of that word) excuse for going to mass-murder war (www.dioi.org/pro.htm#l1bb): Lincoln's GWBushly-LATE arrival at the *slavery*-issue (1863/1/1) as *toppe war-justification*, so demoting the original (*actual*: §I3) battle-cry (www.dioi.org/pro.htm#fqcr): UNION. Some have said the Emancipation-Proclamation had to wait for a big Northern victory. (If the 1862/9/17 Sharpsburg semi-draw could be so called.) But there might've been another slight hitch to an 1861 April BigFuss-About-Them-Evil-Confederate-Slavers, justifying invading the South, maiming&killing **hundreds of thousands** of combatants, to squish the evils of slavery, namely: throughout 1861, slavery was still legal in Lincoln's own Washington, DC. It was only outlawed there over a year after Fort Sumter's shelling, in 1862. (Lincoln [whose wife had been a slave-owner, like Grant's] signed a bill on 1862/4/17 ensuring its end in Washington. Fade-out was promised to be gradual, a promise not widely kept — though Gen. Sherman wasn't burning slave-holders' homes in Washington, DC.

F52 Missing the Blatant. While mediavolk argue over whether or not 2500 US troops should've been removed from Afghanistan less suddenly, the obvious is ignored: why was keeping-there a force *less than 1 percent* of the size of the 300000 man Afghan "army" ever supposed to grant a backbone to that mercenary fake-bulwark? F55 Least-Noted Though Most-Obvious Election Reality. If you continue to vote in fake elections, what kind of elections do you think you're going to keep getting?

F56 A Key to Happiness: Reasonable expectations (www.dioi.org/mot.htm#sxgr). This unasked-for advice is especially aimed at world-saving idealists, whom DR tends to admire, empathize-with, and encourage — but who too-often start out all-knowingly knowing absolutely nothing of what gov'ts are really about (www.dioi.org/pro.htm#rscg) — and thus (due to such cemental-schiz detachment from reality) tend to end up as hyperfrustrated burned-outs, cynics, and/or dictators. Woody Allen on world-saving: takes too long & too many lawyers (www.dioi.org/cot.htm#j1wz). And one recalls ultra-conservative P.J.O'Rourke's perceptive comment that if you ask leftists about the US gov't, they say how perfectly awful it is. But when you then ask them for solutions to social problems, they say: the gov't www.dioi.org/mot.htm#ckjk

F61 Oddest Invert-Ironies. Dead-heat between several bizzarrities:

[a] The more god coddles rich folk, the more they privately go agnostic. The more god dumps on poor folk, the more they're on their knees to god (www.dioi.org/ju00.pdf §A5).

[b] The more Dembo pols impoverish blacks' neighborhoods, the more they vote Dembo.

[c] Only 20% of US voters tell pollsters that they trust Congress — even while the same voters re-elect²³ 90% of congressmen.

[d] Much of the Dumbos' fundie-constituency rigidly believes the universe is run by a just, kind, & fair god, yet (www.dioi.org/re1.htm#rplf) many of these fundies suspect god cruelly created blacks unequal. (Parallel to §F24?)

²³ With the same illogic that leads most to believe they live in the best nation (their own, what-a-coincidence) & partake of the best religion (ditto), voters imagine THEIR district's congressman is the lovable EXCEPTION (www.dioi.org/smo.htm#wskm). The apparent contradiction is due to propaganda-hypnotism by each district's LOCAL press — which is invariably owned by the same rich-rulership-klan that picks&owns the "exceptional" pols whom the local press sells to the public as the little-guy's-friends. Can any other theory explain the above-cited gross 20%-vs-90% contradiction?!

[e] Conversely, the Dembos' unreligious, anti-fundie intellectual constituency believes in **RANDOM, non-teleological** natural-selection, yet ideologically, *non-evidentially*, ultra-contrarily insists (revealingly **without admitting ANY possibility of error here**) that all races' mean IQs *just-happened* (by a miracle of [ironically super-Biblical!] proportions) to come out EXACTLY equal (www.dioi.org/pro.htm#ixmcp; www.dioi.org/j429.pdf fn 40). [f] Many used to fight the death penalty's commonness because of guilt's uncertainty. Forensics has since seriously obsolesced that argument, but the resistance lingers, so: as guilt has become much more certain, the death-penalty (which homicide-forensics was laboriously refined primarily for, in order to render death-penalty verdicts reliable at last) has effectively died as a deterrent from rarity²⁴ of use.

G10 SixtySixFix? Was the 1966 World Series thrown by LaDodgers? Facts: Baseball betting uses odds, so a small bet can win alot. (Unlike football&basketball where bets are even, on point-spread.) Esp. when betting on a Series underdog to win 4-straight will get you roughly 30-to-1 odds, so betting \$30000 can make you a millionaire. LaDodgers won the Series in 1963&'65 — the class team of the game. Between the 1965&1966 seasons, pitchers Sandy Koufax & Don Drysdale held out for roughly half the team's entire salary-budget, since they were the Dodgers' prime strength. Did this trigger resentment among the rest of the team? The 1966 Dodger offense was the worst in Series history, only 2 runs in all, both scored in Game 1 when already behind 5-0 to the Baltimore Orioles. Runless thereafter for the next 3 games. To lose with Koufax pitching in Game 2 required special effort (during the 1966 regular season, *he had the best ERA of his career: 1.73*): Dodger center-fielder Willie Davis (found out years later to be a dooper) arranged three fielding errors in the 5th inning, bringing in 3 Oriole runs, to set up a Baltimore 6-0 win. (Only one of the runs charged to Koufax was earned.) The next 2 games each ended 1-0 Baltimore.
After this Series, Koufax — the game's #1 pitcher! — QUIT BASEBALL, claiming arm trouble, despite his career-pinnacle 1966 ERA. *Koufax never pitched another game.* (Overnight, LaDodgers went from champs to chumps for years: 8th place in 1967, not returning to Series competition until losing in 1974. Not winning one again 'til 1981.) Did Koufax sense something akin to what Philadelphia As' owner-manager Connie Mack felt in 1914? Mack's team was tops in baseball after winning the 1910&11&13 Series (not in the 1912 Series) — but suddenly fell apart in the 1914 Series, losing 4-straight to the underdog Boston Braves. Familiar? Mack immediately sold off his stars, including Hall-of-Famer Eddie Collins. Five years later, with the Chicago White Sox, Collins survived as supposedly Mr.Clean of the Black Sox scandal, the 1919 Series fix of the White Sox. *Curiously, Collins' worst of his six World Series were 1914&1919.* Shoeless Joe Jackson of the Chisox was lifetime-barred from MLB for knowing of the fix & taking \$5000, tho he batted .375 (tops for Series regulars), hit its only home run plus 2 doubles, led the Sox with 5 runs & 6 RBIs, while making 0 errors — vs Collins (batting .226): 2 runs, 1 RBI, 1 double & 2 errors. Collins had been to Columbia University. Jackson was illiterate. When the scandal began leaking, did a smart Soxer get to investigators first in return for immunity?

G11 InFamous Last Words. We revere the purported last words of the greats: Newton, Laplace, Adams. But for clarity of thought in the face of impending eternal nonexistence, the 1928 final words of atheist Czech composer Leos Janáček (hear his music via www.dioi.org/mus.htm) are unmatched. A young Catholic maiden approached the dying man to convert him, to save his soul. His response: “You obviously don’t know who I am.” It should be emphasized: Janáček’s honesty is matched by that of the girl, who could have falsely boasted of a save but told the truth instead — and thus preserved a memorable story.

G12 #1 US arctic explorer. Robert Peary, 1900 discoverer of Earth’s northernmost turf.

G13 #1 Science Hoaxer of 20th Century. Robert Peary: www.dioi.org/jo00.pdf: §V17. *DIO 1.1* [1991] (j114.pdf) †4 §F2: “Peary sacrificed, suffered, and devoted his life to seeking undying fame. And he has won it, by his magnificence in exploration and prankery. Grand success at either takes skill and courage. He had both in epic proportions.”

Coup de grace to his 1909 North Pole hoax was Rob’t Bryce’s 1997 book *Cook&Peary*.

G14 By Far the Greatest of All Polar Explorers. NGS-exiled **ROALD AMUNDSEN**.

Consider (www.dioi.org/ja00.pdf = *DIO 10* [2000] p.3): once one clears away the also-rans and the hoaxers, Amundsen’s record of priorities exceeds that of *all other polar explorers combined*, though he’s virtually unknown in the US since National Geographic still churlishly&childishly preserves a 100^y-old resentment against him for in 1926 publicly questioning its precious Peary North Pole fraud. Roald Amundsen was in fact:

1. First to winter in the Antarctic.
2. First through the Northwest Passage.
3. First to the South Pole.
4. First circumnavigator of the Arctic Ocean.
5. First to the North Pole.
6. First to the Ice Pole (the Arctic Ocean point farthest from land-masses).
7. First to cross the Arctic Ocean.
8. First polar explorer to die attempting to save the life of an enemy.

G15 Shackleton’s 1909 Farthest South. Since DR & wife Bunny appear to be the slim thread that preserves the truth of the following, it seemed that it should be set down here. Conventional history has recorded that Ernest Shackleton’s 1909 Farthest South was 88°23’S (162°E), within 100 nmi of the South Pole, in what is (in spite of what follows) genuinely **the largest leap of new-record latitude IN THE HISTORY OF MAN**.

Farthest South party: *Shackleton, Frank Wild, Jameson Adams, Eric Marshall*.

On 1970/8/11, DR&wife interviewed that expedition’s chief scientist, Raymond Priestley. DR happened to ask a question re expedition navigator Marshall, & Priestley said Marshall had later “gone crazy”, confessing he faked data to slightly enhance the latitude reached (DR *Peary . . . Fiction* 1973 p.82). The records of the expedition have disappeared and presumably have resided for over a century in the bowels of the Royal Geographical Society. Why did Marshall confess? Reasonable speculation: Scott’s fatal 1911-1912 try for the South Pole largely followed Shackleton’s path (Beardmore Glacier) and believed its reported pace. So, when news broke of the death of Scott’s party, did Marshall realize that Scott had been deceived re how far one could go by mostly man-hauling and still get back alive?

G16 Three Quick Lessons on the Trustworthiness of “History”.

[1] Purest idealist in all history: anonymous.

[2] Bravest soldier in all history: anonymous.

[3] Bertrand Russell on Tom Paine: some worldly wisdom is (www.dioi.org/pro.htm#nrbv) required even to secure praise for the lack of it. (Cited at D.Rawlins *Peary . . . Fiction* [1973] p.56, re upright polar explorer & war-hero Adolphus W. Greely’s relative obscurity.)

G17 Smartest US President. Abraham Lincoln (www.dioi.org/pro.htm#wrmw).

G22 Top Something-for-Nothing Crocks. Heaven&gambling; which turn out (in Pascal’s Casino) to be (§C14; www.dioi.org/j805 §L; www.dioi.org/rel.htm#gpsn): the *same thing*. Note both cons’ **EQUAL infinite** ratios: **something/nothing = eternity/100^y = ∞**.

G26 Mafia eating US. Japan eating China 1935 cartoon. www.dioi.org/imm.htm#gfgn

G27 Least-Happy Wealthy Nation. United States. Related to rate of US gun-massacres?

G28 Worst sports insult: Jim Lampley (MSNBC-TV 2000/9/20) spoke of cricket as a “sleep-inducing version of baseball”. Besides being implicitly anachronistic, this was an insult on the level of describing a guy as too sluggish to fake it as a corpse.

G29 Bush III. Top 2008 BObama-campaign deceit: NOT BUSH.

(See www.dioi.org/ji00.pdf = *DIO 18* [2014] fn 168 [p.55].)

[In fairness, it should be noted: Shrubya never shared Obama’s black-racist anti-cop bent.]

G30 Funniest Incessant US Medium-Drumbeat Pseudo-Fresh Story:

We haven’t had enough race-dialog. [With one side muted, it would be monolog anyway.]

G31 Smartest Race: blacks. Irrefutable 2-step proof:

[1] We know Dembos are the best party, since more peffessers vote Dembo than Dumbo.

[2] But we also know that blacks have a higher percentage (c.90%) than even academics, of voting for this superior party. Thus we at last have solid, dispositive evidence of mental racial superiority, which can be measured simply, quantitatively, and unambiguously. Unlike all that dead-end (www.dioi.org/pre.htm#jqpg) IQ nonsense — which we know is utterly worthless, since the singular media (www.dioi.org/pre.htm#mdsm) tells us so.

G32 Best at the Capitalist Game: Well, it isn’t Adam Smith’s descendants.

WASPs set up capitalist US, and Germans set up capitalist Germany — and both thought it was a great idea, and damned Karl Marx-inspired communism as a Jewish plot to make the rich give back to the poor all the money capitalists had worked so hard and so long to squeeze out of their exploitees. All was well until the arrogant Gentile capitalists found that Jews were better than Gentiles at their own capitalist game. Then extra barriers were concocted to exclude Jews. Nazi Germany&Austria just decreed an arbitrary halftime-change-of-rules, to grab back what Jews had won while beating Gentiles in the capitalist game which Gentiles had initially agreed to. (Whether current disproportionate [www.dioi.org/def.htm#wlld] Jewish fiscal infusions into US political parties [& ADL-defended G.Soros buying elections of crime-soft prosecutors] should affect the foregoing, others can judge.) Old pattern: if we win, we keep our gains; if we lose, we cancel the game or even steal back our losses, jealous of provident people, Jewish or other. Who would play games or anything else with (www.dioi.org/def.htm#rghv) con-artists like that? Reminds one of gambling at heads-we-win-tails-you-lose casinos (www.dioi.org/mot.htm#ggmz), which, e.g., bar card-counters.

G33 Best doubletake of 1998. Monica was calling the First Willy “el Schmucko” & “the Big Creep” because: he was cheating. On *HER*. (www.dioi.org/j805.pdf §H6 [p.50].) Either BJ or ML would do anyone. So, when they met, the outcome was inevitable.

G34 Missed Opportunity for Awful Humor. What would be the best-worst title for the 1955 film *Blackboard Jungle*’s scene where Vic Morrow trashes Richard Kiley’s irreplaceable phonograph-disk collection? Try: “Records Were Made to Be Broken”.

By-now-needless notice: selection of original *DIO* jokes is subject to

THE MOST RIGOROUS QUALITY CONTROL:

They're *ALL* certified-BAD. The linked list of spoofable-subjects (variously incl. self), following www.dioi.org/che.htm#ghst, will leave no doubt.

G35 Atheists in Dreamland. Propositions which inspire the greatest certainty in the face of utter absence of positive evidence (plus serial encounters with discouraging evidence): tie 'twixt omnipotent beneficent deity & mass racial equality²⁸ (www.dioi.org/dem.htm#dvmv; www.dioi.org/pro.htm#qioo), each's evidence mysteriously INVISIBLE. Visitors to the US from atheist, relatively homogeneous China are amazed at the ubiquity of such demented double-faith. Naturally, neither can be sustained without (www.dioi.org/pre.htm#kvtv) unremitting establishment-forcfed propaganda&ensorship, the very existence of which proves the positions' intellectual vulnerability (www.dioi.org/j429.pdf §R6 [p.89]).

G36 Comeback of the Century? Hilary's still running&scheming: *Redemption* 2024?!

G38 Indiscriminatest Promo. "Dreamers" = dreamed-up(www.dioi.org/jg04.pdf §G7; www.dioi.org/pro.htm#ddrt), to sell invasion of US by shi-thole (shiitey-tolerance) states.

G39 Boobs of the Century. Peary's Geographical-Society North-Pole-Certifiers.²⁹

G40 Silliest waste of metal. Traffic-signs reading "No Right Turn on Red". Suggested way to eject them from Baltimore: charge that their ubiquity in the city is racist. The city is mostly black, so accuse the city gov't of implying citizen-stupidity, since the signs are undeniably paternalistic. Try this and the blight of NRTOR signs would vanish yesterday.

G41 Force vs Farce: Century's Least-Noted Contrast. Naked-force steel-resolve to integrate middleclass schools vs bleedingheart-wimp immigration-pseudocontrol prank.

G42 Mid-Twentieth Century's Most Transparent US Fake Justice. The rich-run gov't FORCEably integrating all high schools but rich ones (www.dioi.org/j805.pdf §I2 [p.55]). And doing so at the point of a gun. First place in the previous century: Lincoln's 1861-1865 war, in which the northern rich, after years of promoting immigration (to break workers' wage demands), then used the resultant poor-unemployed (their own overpopulation-hydra) to invade the South — while they themselves dodged the draft for \$300/head.

²⁸NB: Though averages differ: given racial bell-curves' large overlap, "it is stupid & wrong (and offensive) to judge any individual's intelligence by group skin color or gender or any other nonmental index" (www.dioi.org/j429.pdf fnn 41-44; www.dioi.org/j805.pdf §I2 & fn 42 [p.55]). *Each race has millions of smart folk (e.g., §G2; www.dioi.org/ju00.pdf fn 26) many brighter than the US mean (or DR): gratefully discern&value them.* The essential goal (*FOR ALL BUT "PROGRESSIVES"!!!* §I134; www.dioi.org/ju00.pdf: §O7): **EVERYONE EQUAL BEFORE THE LAW.**

²⁹You expected a different superlative? OK, so as not to disappoint, we provide a joke relayed by physicist R.Newton: when Gov.Warner & serial-tempwife Liz Taylor appeared on-balcony at an election-win party, it's said someone yelled out: There they are, the 3 biggest boobs in Virginia.

³⁰Idea actually imparted (1960s) to DR's lifetime friend R.L.Smith (then at J.Walter Thompson) & eventually appeared briefly in a national TV ad, though the events aren't known to have been related.

G51 Sharpest Test for Identifying a Dembo [Posted 2006].

Ask for a non-shilly-shallyin' immigration-policy. As M.Tomasky's *Left for Dead* (Free Press [Simon & Schuster] 1996) pointed out long ago: the Dem sheeple's bleating-hearts (www.dioi.org/mot.htm#nkqd) **HAVE** no immigration policy. (Can't turn away *any* needy applicant [www.dioi.org/imm.htm#mlvc] . . . and they all are.) Can't even require that they learn English. (Too elitist.) Or cut the careless over-reproduction that ruined their own country (§I209), so horribly they made the racist choice to emigrate to a noncolor country.

G52 Breeding That Matters [Posted 2006]. Keith Olbermann's brilliant-humor news program oft justly jibes (www.dioi.org/imm.htm#tnkt) at the celeb crowd's pregnancies by mock-exclaiming: "o-no! they're BREEDING!" The day he says that about Mexicans or Muslims, I'll know he's graduated from PC-terror (of expressing more than mock-horror-at-trivia) and-or Dembo-partyline-whoring, to commenting on (www.dioi.org/mot.htm#wmbm) an Olbermann-unmentionable tsunamic running-sore that [§G57] threatens (long-term, & not all that long either: www.dioi.org/odd.htm#sgxx) every liberty he claims to hold dear.

G53 Universatile. Who via **ONE** hit (2RBI triple) led his team in RBIs for an ENTIRE World Series? *And* this low-scoring team won the Series! Answer: 1918 Bosox' 4th game PITCHER, *while setting a consecutive scoreless innings record:* Baltimore-born Babe Ruth.

G54 Press Amnesia. NY Yankee left-fielder Charlie Keller came out of Frederick, MD (hometown of DR's mother), becoming the game's most feared hitter 1939-1943. His productive records of 18 runs & 18 RBI in 19 World Series games (former perhaps a per-game record) rank him with Gehrig&Greenberg. Yet for the crime of ducking the press, his heroics (unofficial mvp 1939&1941 Series: www.dioi.org/dhk.htm) are largely forgotten.

G55 Two Bums Who Made-Bad: Heartwarming Study in Rehab. In 1913 Vienna, 2 bright&seething rebels were unemployed vagrants: could've randomly met on the street; 28^y later, they met as leaders in history's most lethal war (30+ million dead): Stalin&Hitler.

G56 WHY Is Reagan Media-Lionized? He started the US down 3 suicidal roads: [1] trillions in national debt for plutocrat backers (without losing votes by raising taxes); [2] amnestied (§I87) millions of superfertile, *EASY-PREY* immigrants from shi-THOLE nations, to provide cheap labor for same needy supporters; [3] ended Fairness-Doctrine (§E2) "burden" on the media, in order to mute criticism of [1]&[2]. A simple consideration will fully account for the media's Reagan-worship: do the rich or the poor own the media? Keep ever in mind the proportions emphasized at www.dioi.org/jg04.pdf §§E13-E14.

G57 Dissent, Free Speech, & Education. Wanting rational discourse & valuing Madison's Free Speech Amendment require education. But with ever-more "failing schools" (§B5) & tens of millions of ill-educated persons injected into US' population, loud robotic chants&threats replace dissent-tholing, & Free Speech in the US is dying as never before. (Journalists and students used to seek and defend Free Speech. Now they want to kill it.)

G58 Top TV 'snews Reason Why Dems Didn't Defund Iraq's Occupation. As 2006 primaries loomed, Olbermann's Libmedia hour hosted Dems promoting Iraq peace. Later, he hosted alibiers of Dem failure to listen to the 70% of the public that was sick of the Iraq "war". Just theatre, designed to dodge the real reason: Demos were, as stated on this site back during the 2006 Fall primaries (www.dioi.org/pro.htm#cppj), faking all along.

G59 Pius XII: Too Wise for Faith? Sometimes called "Hitler's Pope", Eugenio Pacelli or Pope Pius XII was one of the brightest popes ever, which raises some questions, as we saw from §C3 (parallel to §§G17&G18). His knowledge of history is evident from a tale told in Aubrey Menin's *Rome for Ourselves*: when an admirer asked Pius whether only half of history is true, Pius sagely replied "less than half." For one whose Church is founded on the truth of 2000^y-old history, that's quite an admission. Question: could someone clever&provident&political enough to get elected pope simultaneously be credulous enough to genuinely believe the infantile crocks the Church preaches to its kids (while insulating them from all dissent)? — miracles, invisible afterlife's heaven&hell, Virgin Birth, Lourdes, Resurrection. *Re Lourdes: why waste a VirgMare apparition on ALREADY-Catholics, when, if her real appearance hit China&India, billions'd convert & be saved for eternity?!*

H Contemplations

H1 Optimism.

The secret of DR's optimism is his daily attitude or motto, namely: "What's Next?"

H2 Saving World-Savers. It's disappointing to see so many give idealism a kook name. (So more-pragmatic folk can just scoff at "world-savers": www.dioi.org/pro.htm#pcgg.) This, by improvidently pursuing — regardless (www.dioi.org/imm.htm#ffvf) of evidence — unthought-out paths-to-nirvana chimeras, thereby squandering (www.dioi.org/mot.htm#sszs) their idealistic energy on unlikely, grossly inefficient (§A26; www.dioi.org/j429.pdf fn 44), ultimately counter-productive, or even outright-impossible sisyphian projects. (Instead of applying their talents&drive sensibly, towards realistic goals.)

Such tragic waste can only help idealism's enemies.

H3 god&Circuses.

What're virtually the 1st nonessential public buildings planned by founders of a new city? Churches&stadiums. Perpetual systematic societal exploitation is no accident.

H4 Appreciating the Wonderful Ordinary.

Wisdom epitomized by an old United Kingdom legend about the speaker in Hyde Park [where one was supposed to be able to say anything short of attacking England's monarchy] who announced to a big audience that he's going to conduct a sex-frequency survey.

He starts with:

"How many of you have sex once a day?"

A few proud hands go up.

"Every other day?" More hands.

"Twice a week?" Slightly more.

"Once a week?" About the same.

"Every other week?" Fewer.

"Once a month?" Almost no one.

"Two months?" Zero.

"Three months?" Zero.

"Six months?" Zero.

Finally, to perfunctorily close out the experiment, he asks if there's any unfortunate on hand who gets it only once a year.

All are amazed to find that, yes, there's one such guy in the back.

And even more amazing: he's admitting it — actually openly advertizing his deprivation — by raising his hand.

But, far from downcast, he's not only waving his hand, he's cheerily jumping up&down, with a huge smile on his face.

Speaker: "OK, you poor slob, we see you. But what the hell are you so happy about?"

Reply: "TONIGHT'S THE NIGHT!"

This can remind one of a precious perceptive passage in Lucretius' 50 BC *De Rerum Natura* Book 2 (Penguin ed pp.90-91 transl. Ronald Latham):

there is nothing so mighty or so marvellous that the wonder it evokes does not tend to diminish in time. Take . . . the pure and undimmed lustre of the sky and all that it enshrines; the stars that roam across its surface, the moon and the surpassing splendour of the sunlight. If all these sights were now displayed to mortal view for the first time by a swift unforeseen revelation, what miracle could be recounted greater than this? What would men before the revelation have been less prone to conceive as possible? Nothing, surely. So marvellous would have been that sight — a sight which no one now, you will admit, thinks worthy of an upward glance into the luminous regions of the sky. So has satiety blunted the appetite of our eyes.

I9 Baltimore's Already Seen What's Gonna Happen. Nancy Pelosi croc-tear-pitching Mercy (§F62) = *predictably* bringing to the whole US the blessings³¹ her Mob-tied Baltimore family's visited upon that Dem-run, mostly-black city, now (2020) drug-besotted, rat-infested, national murder-capital. The money-owned (www.dioi.org/jg04.pdf §§E13-E14) Mainstream Media won't blame Dems (for anything bad) & won't hold blacks responsible (not responsible for anything at all: §B5; www.dioi.org/ju00.pdf fn 23). **SO WHO IS?**

I10 "Prejudice": More often actually postjudice.

I11 Aggrievy-Train Industry doing something useful? The term "American" now universally if unthinkingly (§I46) used as synonym for US citizens? Which INSENSITIVELY-EXCLUSIVELY implies that Canada, Mexico, Central&South America aren't really as American as those who happen to live within US borders. *DIO* has been using "User" for years, in place of "American". Others may have better alternate suggestions.

I12 Civil Rights & Civility. *DIO 16* †4 §G5: When civil-rights "progress" is Mediumly boasted of, it is invariably, narrowly measured **entirely** by ethnic-diversity stats achieved, never by whether general society has *thereby* improved in net civility, culture, safety, drugfree schools, happiness, **intellectual** diversity, and (§E2) **free speech:** *DIO 4.2* †9 §G

I13 "Massacre-Shootings". Minor fraction of urban murders = under a millionth of the population/annum. Acceptable collateral damage? For protecting folks' selfdefense-right in a violent nation where cops can't get to most crimes — incl. massacres — in time.

I14 Rote Prayer = Plagiarism. A leftie objecting to Melania praying observed this (2017/2/19). It's always been obvious, but why wasn't it said before?³²

I15 Just Addicted to Endless Crusades? Or . . . ? The US has wasted untold treasure&lives on hopeless crusades: Afghan occupation (army&schools), mass-black-uplift (welfare&social-workers), Prohibition (legislation, police). Never works. But those pushing said follies are either ineducable or profiting. Readers are left to guess which.

I16 Peace&War. When the US began engaging in wars around the world, it changed the War Dep't's name to: Defense Dep't.

I17 Who Ruled Nazi Germany After Hitler&Goebbels Suicided 1945/4/30?

Believe it or not, it was:

³¹ Thus exploiting the US' automatically-resultant degradation, does mafiaNancy even care that she's achieving wealth&power by expanding mass-MISERY? — one-way dooming ever-more millions of fellow sentient creatures to the torturing hell of eternal poverty?

³² One might check the ironic advice in Matthew 6 — just before Jesus provides the lord's prayer as **an example** (not a script) for prayer — where he asks those who pray not to *multiply words* (rote-prayer) or *pray in public*. So: how many "Christians" follow their christ's explicit teachings?

DUNKIN DONUTS !

That's right, but you might've misheard it, so let's repeat: Germany's postHitler ruler was

DUNKIN' DÖNITZ !

As WW2 chief of Germany's Kriegsmarine, whose most effective arm was its submarine corps, Grand Admiral Karl Dönitz, with his wolfpack sub campaign against Allied shipping in the Atlantic 1939-1945, *dunked more ships than anyone in the history of the world*. He then became the last president of Nazi Germany when so appointed by Hitler on his own wedding day to Eva Braun, 1945/4/29. Dunkin' Dönitz ruled the Reich's remains for a few weeks and ordered General Jodl to sign in Reims the 1945/5/7 surrender that ended the war in Europe, a quietus officially celebrated on VE-Day, 1945/5/8. DR is among the ordmag 1% of the world's 2022 population who can remember that glad longago day.

I18 How's It Anti-Racist for "Anti-Racist" Paranoids to Call Their Suspects Dogs?

"Dogwhistle" = is itself a dogwhistle in that its use by Lib pols, to smear suspected nonLibs as racists, is code-wording not understood by many (for the paranoid pandering it represents); thus, its use is just as sneaky as what it imagines it's criticizing. Current Lib-newsvolk must satisfy their racism-sniffing by imagining dogwhistles, because real race-insults have by now been threatened into virtual non-existence. §A28

I19 What Libskulls Imagine is Others' Hate: Peaceful citizens' empirical evaluation of decades of intractably consistent demographical data, and-or resistance to court-(ultimately-gun)-forced, unvoted-upon integration with an alien culture, which inhibits social cohesion by expanding the range of intelligence-differences. Originating sin: pain°radation by the few who forced slaves into the Americas. LONG ago.

I20 Western Footbinding. Slippers = flats.

Unless the shoe in question is one of the Hollywood versions of Cinderella's Glass Slipper, which sports a spike that could kill. High heels: gauge of women's rigid defiance of healthy shoes & individualism in favor of puppet-obedience to fascist priorities. §§B6&I40

I21 The Jerk of Windsor. Did He or Wally Ever Once Say Anything Interesting?

Recall the deft sum-up of Edward VIII's to-this-day inexplicable passion for Baltimore's twice-divorced Wally Simpson: he coulda been Admiral of the Fleet, but chose to be Third Mate on a tramp.³³ Need an update? (Maybe not?) Classy First Lady Melania coulda been Admirable Supermuddle of the Universe — but chose to be 3rd Mate on a Trump.³⁴

I22 The Latest Word-Ban. The T-Word = Guess Who. A *Nation* reader wants (2016/5/9 Letters) the magazine to stop printing the very name Trump — just a T instead.

I23 Reform. Old cartoon-pol muses: "I'm upset the people don't believe me anymore. Maybe . . . [try] a different facial expression when I lie to them." www.dioi.org/imm.htm#rlxt: D.Low's Col.Blimp, "Gad, sir, reforms are all right as long as they don't change anything."

I24 Black-Lives-Matter [Posted 2016/4/23]:

[1] Obsession with advancing one's own race. While calling others racists. §F42

[2] Mob-intimidate the press&etc to fear airing words, criticism, or effective solutions, e.g., fewer kids born-predoomed into fatherless slums. §§A18&I31

[3] "Peaceful-protest" brownshirty mobs screaming violence-threats: no-justice-no-peace — waddawewant-dead-cops, etc.

[4] Calling other people Nazis. Er, the N-word. Er, the now-LESS (!!!) offensive of the now-two³⁵ N-words.

I25 Ladies-Room Trip's New Ambiguity.

Going to powder-your-nose takes on optional meanings in a cocaine era.

³³Do youngsters need to be time-traveled back to when tramp-steamer ships were just called "tramps"?

³⁴With his own *DIO*-dimensioned sense-of-bad-humor, one doubts Trump will take offense at the foregoing. Except for the tastelessness? Mmmm . . . Naaaaaaah.

³⁵The *New York Times* recently reported on the Israeli parliament's attempt to ban the word Nazi. It's avoided on all relevant public monuments in much of Europe.

I26 What is the chief enemy of Free Expression in the US? Answer:

The Free^snickerPress daily-dunningly fights free speech & free press at every opportunity.

The Free^snickerPress says you can't discuss that idea!

The Free^snickerPress says you can't use that word!

The Free^snickerPress says you can't think that or you're an exilable elitist or bigot!

The Free^snickerPress says you're RACIST if you oppose over-fertile, largely semi-literate, and bunnyrabbit-religion nations dumping their (inevitable) excess population into the US!

The Free^snickerPress = self-deified Emily-Post of "Political Correctness", i.e., creators, definers, & enforcers of uniformity, limits, allowability, & shunishment — re god, nationalism, wealth, cussword-fashion, art-fashion, music-fashion, ladies' fashion, & most insistently of all (lately, anyway): gender&race&orientation&etc&etc into the next Dark Ages.

I27 Europe-Wrecker. Obama-Clinton, the latest US world-cop administration, tried to wipe out (by CIA-fomented "indigenous" revolutions) every West-defying gov't on the Mediterranean Sea, most famously Libya & Syria. But only the Syrian civil war stayed so hot that millions of "refugees" (§I28) fled, mostly to Europe. Why?

Clue: that's the only nation that allows Russia a naval base on the Mediterranean. The war goes on because Russia is backing resistance to being barred from the Mediterranean. The US aim since Dulles: Containment. (Extending Britain's Russia-containment policy since the 1850s Crimean War.) Result: ordmag a million dead. And one million "refugee" Muslim guys into Germany. This year. (Couldn't be Europe's capitalists cloak as Mercy a thirst for cheap labor?) Resultant ordmag-1% reduction of Syria's over-population. That'll cure Syria's problems fersher; & it would be heartless not then to bring in the families left behind; & Muslim fertility guarantees Germans will remain a majority in their own country for days&days to come.³⁶ [Posted 2016.]

I28 Muslim Refugees. Are they totally innocent? Or, to an extent depending on the case: just the latest losing-side in a 1400^y Sunni-vs-Shiiiiiiiite back&forth war.

I29 Pre-exposure Ronda. Redo of fixed Indian boxer in 1957 film *The Harder They Fall* (@45^m), but with armbars instead of chicken-wire, to avoid humiliating fight-dumpers.

I30 Politician. Given alliance-choice 'twixt David&Goliath: invariably goes Goliath.

I31 Reviving US' Traditional WorldNotoriety for Slavery? Dembo uppercase-Liberal: [a] Blames violence on GUNS — while opposing stop&frisk searches to sweep up GUNS. [b] Blames poverty on children growing up into AWFUL, UNEDUCATED, & FATHER-LESS ENVIRONS, while opposing Chinese-style barring of poorly educated, jobless single women from parthenogenetically birthing kids into AWFUL, UNEDUCATED, & FATHER-LESS ENVIRONS, e.g., Darkest Baltimore (*bipartisanly* helped by the Republicans' holy war [§J9] on women's abortion rights), subsidizing the contradiction by paying for this **ultra-CRUEL** hopeless-child *explosion* by taxing skilled, responsible, provident, better-risk potential parents (*thus ensuring that they can afford fewer children of their own*).

Effectively feeding too-long-world-infamous US history: a permanent slaveclass by-plan. Solution: §I209 (§J21). End policy of effectively breeding-via-AFDC-lure those *least* able to afford kids (predictably dummifying any race's slave-class), thus providently, mercifully **FINALLY closing the seemingly-eternal, PAINFUL (fn 31) racial success-gap until it DISAPPEARS.** [Abortion-haters: consult §C1 & www.dioi.org/jg04.pdf fn 29.]

NB. NO ONE IN THE "DEMOCRATIC" U.S. GETS A DIRECT VOTE ON THIS.

³⁶ Heard the 2016 Western media outrage over Russian "aggression"? Ruskie jets are buzzing US ships in the BALTIC SEA. One of whose ports is St.Petersburg. TV 'snews will never note that the US ships are thousands of miles from home, spying into the backyard of another nation. Empathy-experiment (which needn't imply approval of Russia's gov't), ever-banned from our ever-balanced ever-hypnotic TV 'snews: if Russian ships were snooping around in the Chesapeake Bay, would the US stop at buzzing? It's just as dark-humorous to hear TV 'snews regularly condemning China for building military bases (see www.dioi.org/jr00.pdf p.2 item [1] re Vietnam War stir-up of China) in its own region's South CHINA Sea, while the US maintains armed bases in the nearby Philippines *on the other side of the world* from the US, & China doesn't (yet) have bases in Catalina Island or Canada.

I32 More Better. Anti-birth-control celibate priests = more durable&extreme parallel to the foregoing (§I31) plan of low-multiplication rulers breeding poor subjects they live off.

I33 Lying With Lies.³⁷ Luckily, cellphone-cameras record vivid examples of occasional whitecop-on-black POLICE BRUTALITY which “go viral”, & are featured by their droolingest fan-purveyors MSNBC&CNN. But, since BLACK BRUTALITY — 2 words *never* paired (§A29) on the cited networks — causes ordmag 100 times more killings-per-capita than the former problem, why don’t the same cellphones record&viralize black-on-black crime? To help the same Lib networks that are no-doubt eager to push for the same alleged goal (reduction of black killings — neever just trying to stimulate poor black Dembos to hate police & vote in rage), as shown by running&rerunning&rererunning&rerererunning those familiar videos of bad cops, on media owned by the same forces that own the pols who live off the (increasingly race-hate) anger caused by the consistently insistent media picture of blameless (§§B5&I9; www.dioi.org/ju00.pdf fn 23) blacks abused by racist whitecops.

I34 Media-Gov’t Combine’s Idea of: Irresponsible.

[1] Congress’ Regular National-Debt-“Limit”-Raiser Media Cheerleading:

It is Irresponsible not to vote the U.S. deeper into debt (§§I67&I50).

[2] News Anchors Away: It is Irresponsible to call illegal aliens illegals.

[The upside-down but inevitable next accretion? *Make it illegal to call an illegal illegal.*]

I35 AFDC&Foodstamps. Our era’s soup-kitchens but less photographably-embarrassing re foreign scorn & with (*to warm mafia*³⁸ *chest cavities*): *no guarantee benefits aren’t spent on drugs&gambling.* As Libs’ cure-for-poverty: *after decades, HOW’S IT GOING?* Better: instead of trusting already-dubious mom, *put food directly into the child’s mouth.*

I36 European Union. International LoanShark. *Enter Freely and Of Your Own Will.* [*Dracula to Jonathan Harker.*] *Inescapable Black Holes:* Dracula’s Castle and the EU: what’s the diff? Dracula didn’t entice victims into debt-thrall via low-interest upfront loans.

I37 Baltimore Mayor & Her Riot: 2 Examples of Dumb Request for What You Got. Baltimore = voted 90% for a mayor (www.dioi.org/bum.htm#nfmr) who on 2015/4/26 publicly requested the riot that trashed the part of the city that most heavily voted for her.

I38 Those Who Project Hating Onto Those Who Don’t. SPLC = serial smearer as “hate-groups” (twice on the air 2015/5/4 at Pam Geller) those who oppose **audibly**-hating groups intimidating free speech by threat: jihads or loud-rage no-justice-no-peace marches. The Mob’s “media” might ask slanderers (like SPLC’s Potok) to present evidence of hate (beyond mere opposition to hater-groups) ere relaying such propaganda.³⁹ (*It doesn’t.*)

I39 Occam Path. The ornate orthodoxly-conjectured track of the lost Malaysian airliner starts by [1] 180°-reversing its original direction (c.NE), thereby flying c.SW straight across the Malay Peninsula until encountering Sumatra, then [2] turning rightward up the Malacca Strait,⁴⁰ finally [3] leftward around Sumatra’s NW tip, thus heading c.SW over the Indian Ocean. **But only step#1 is sure:** www.dioi.org/pro.htm#mdpm. So: why not plot where the plane would be if *weird* steps#2 never happened? — & it stayed on autopilot straight across Sumatra onto the Indian Ocean, crashing there when its fuel was exhausted.

³⁷Quoting contempt of Joseph Goebbels’ ass’t Hans Fritzsche, for the crudest class of propaganda.

³⁸ *DIO* uses words like “Mob” & (nonethnically) “mafia” as compact terms for organized crime. How suspect mob influence on US gov’t, lately run by saints like Pelosi (§I9), Clinton (mobtown Hot Springs), Obama (Chicago), Harry Reid (Nevada)?

³⁹SPLC *exists* (& raises funds by mass appeals) to sniff out cases like G.Zimmerman-T.Martin that bolster the lie that mass black failure is due to *being hated* by others, though said failure instead correlates to *hating* others. Being poorer, too many blacks & even more Muslims are world-top race-haters: the former regularly attacking Chinese (blacks’ latest hate-object-of-the-month), the latter especially consumed by Jew-hating. As LBJ’s fave philosopher, stevedore Eric Hoffer, emphasized: powerlessness is the engine of hate. (Give MSNBC’s Chris Hayes credit for muting the SPLC’s libel to merely saying that Geller’s group is anti-Muslim, the point that is accurate and relevant.)

⁴⁰Malacca Strait: unknown to Ptolemy who mis-fused Sumatra with the Malay Peninsula, innocently creating a false “Golden Peninsula” persisting on maps for 1000’: www.dioi.org/j500.pdf fn 64[d].

I40 Cameloping as Hot Fashion. High heels = stilts making women taller at costs of:

[1] Looking faketail. (Snow White’s high heels enhanced her towering over the 7 dwarfs.)

[2] Walking funny. (Ivanka Trump lopes along like a camel.) Running, funnier yet: §B1.

[3] Looking — and *being* — fash-enlaved (§§B6[8]&B21).

[4] Inviting foot-injuries gradual&sudden. (Plus worse from falls.)

[5] Preserving by modernizing Chinese foot-binding, which warps the foot’s natural shape.

I41 Wars-to-End-Wars. “Armistice Day” November 11 used to commemorate the 1st War-to-End-War, and it was understood to be WorldWar1-Day. But when WW2 ended⁴¹ on 1945/9/2, the plutocrats who run the US already worried that granting the working class *another* holiday (shrinking annual labor-time by *less than 1%*) was just TOO EXPENSIVE. So Nov 11 has transformed into “Veterans Day” for all US war-dead. One can sympathize with the logic by imagining where subsequent wars would have taken things: instead of the nation with the lowest number of official annual holidays, the US would have most by far. Soon, no USer would have to go to work ever again — either that capitalist-nightmare, or: “Armistice Day” would have transformed into an ever-cheekier mouthful:

“WW1-WW2-Korea-Vietnam-Iran-Lebanon-Gulf-Serbia-Afghanistan-Iraq-ISIS . . . Day.”

I42 PhobiaPhobia. How many Arab millions are spent on propaganda condemning “Islamophobia”? Distracting from Islam’s bloody history of omniphobia re other religions.

I43 Universal Pimpbery. “pimp” = US term for when (traditionally) blacks enslave white women as prostitutes. (A crime whose toll is featherweight compared to the history of whites enslaving blacks.) In U.K. today, it’s usually Russians and/or Muslims doing so. From freer days: some dictionaries still carry the Lib-media-banned term “white slavery” as a synonym for “enforced prostitution” Why not revive the term on the agreement that is broadened to apply to Congress, while the term “pimp” is expanded to include Washington lobbyists?

I44 Debt-Pedlars. Banks. Marlowe (Shakespeare www.dioi.org/sha.htm): “I did but seale once to a thing, and I was neuer mine owne man since.” www.dioi.org/j238.pdf fn 68

I45 Triumph of the Shill. Thrill Up a Network’s Leg: §F42
MSNBC’s round-the-clock love-letter to power. [Posted 2012.]

I46 Surprise Classification. Whaddaya call an Argentinian of Egyptian birth&descent? Answer: An “African-American”.

SO: what is the point (www.dioi.org#fmvd) of the race-obsessed media’s ritual requirement that public discussion *must* (§I47) use an *ambiguous* — & tedious — 7-syllable ceremonial genuflection, “Af-ri-can-Am-er-i-can” instead of “black”, when the 1-syllable word “black” is efficiently *UNambiguous*? (Recently, Gerry Rivers was auto-referring to a black as an “African-Amer—” when he caught himself — realizing the guy’s actually European!)

I47 Bowers to Powers. The foregoing §I46 reference to Genuflection arises out of recognition here of an unbroached but unbreached rule which the US’ Free-snick-Press has adopted — without announcing it anywhere: the word “black” in a news story is (still?) OK — but only so long as the article’s 1st occasion for identification uses “Af-ri-can-Am-er-i-can” instead of “black”. Then, for the rest of that specific article, either reference will suffice.

I48 Literacy Race-Gap Cease-Process & Domestic Terrorism. Free Speech as Insult. *When* will the ongoing, ever-Lib-enraging black-vs-nonblack mass-scholarly-gap CEASE? (I-I-have-a-dreamed-of mass-cessation hasn’t yet occurred on any continent, in any century.) US-black-bloc-vote-exploiting rulership’s intimidation, of those (including reporters) *who now fear even to ask that question*, is nearing the level of the Muslim terror against Salman Rushdie & that notoriously ever-over-shoulder-glancing Danish cartoonist (already almost killed by Muslim axe-wielder), effectively as imprisoned as George Zimmerman. (Muslims murdered: French journal *Charlie*; a Dutch film-maker.) Rushdie’s death-meriting capital crime: same as that of anyone doubting US race-orthodoxy: *insulting The Cause.*

I49 Richard III & Henry VIII. Ensured 500^y of no more Brit-royal Richards or Henrys.

⁴¹On board the *Missouri* in Tokyo Bay 1945/9/2, longtime Rawlins-family friend Dr.George Yeager witnessed the formal surrender, as US power apogeed, never again to attain such a height.

I50 Poe Vision Realized: Descent into the Maelstrom. Facing up to the US' massive national-debt addiction . . . treading water. Or trying to tread water. Or pretending to try.

I51 Disguising Exploitation. US' "Nation-building" = Corrupt-Puppet-Gov't-Building (§I168) — the better to suck the target nation's natural resources for US profit.

I52 Ad-Versus-Ad. US political campaign = fatcat-funded brainwashing contest.

I53 Product of "Catholic Education" = Rombot.

Religious "education" = STUFFOCATION.⁴² But bad jokes mustn't divert one from seeing that, while the Church issues too many Rombots, it's grown among the greatest Heroes ever: §I148; www.dioi.org/jm03.pdf fn 13; www.dioi.org/jq00.pdf fn 6; the Berrigan brothers; 1683/9/12 Vienna-savior Polish King Sobieski: constellation Scutum = Sobieski's Shield.

I54 Puppet-Property. Our President = Their President.

[Shouldn't all non-lobbyfolk be referring to JoJoBiden thusly?]

I55 Is "Suspect" Suspect? "Suspect" (robber, murderer, whatever) = press-speak, which is governed by the profitable criterion that no one is guilty unless the legal system is paid (www.dioi.org/mot.htm#Impq) princely fees to determine the point.⁴³

I56 Caesar-Cessations. Ultimate power trip = being a Caesar (Kaiser, Czar, etc).

Catch = most of the Caesars died "unnaturally". But that's only fair, since (if we believe Suetonius' *Lives of the Twelve Caesars*), most had lived&loved pretty unnaturally, too.

I57 Too Obvious for Media Attention. If the US gov't weren't buyable by fellow organized crime & cheap-labor-enslaving corporations, [a] drugs, & [b] the over-immigration that's killing the middle class, would both have been brought under control decades ago.

I60 Three pleasant THEORIES.

[a] the theory of a voting democracy, [b] the theory of insurance, & [c] the theory of legal representation in court. The oft-propagandized attractiveness of the THEORIES tend to so fog the average citizen's mind so as to inhibit his facing their REALITIES in today's US:

[a] President&Congress = Corporate-funded acting clinic for performance on TV 'snews & other TV ads, to sway the public into voting as funders wish.

[b] Insurance: frightened by Murphy's-Law-catastrophic nightmares, the public has ended up (voluntarily at first) so enriching a cartel that it now shares control of said public's gov't.

[c] Rich criminals get off, while poor ones stay criminal while circulating in&out of prison (www.dioi.org/j429.pdf §Q [p.87]) to enrich generously-taxfunded "public defenders".

I61 Election Jokers. Tammany-veteran George Washington Plunkitt (1906):

"I don't care who does the electing as long as I do the nominating." (E.g., §B4.)

Among possible defynitions of a US election: if a kindergartenkiddyparty-level magician asked his infant audience to choose between two cards — both being jokers — you'd consider it a pretty primitive illusion. But what if you kept trying the same trick every two or four years and most of the kids moronically never caught on?! (Kept hope-expecting that THIS time the shiniest-looking card mightn't a joker.) Welcome to the US electorate.⁴⁴

⁴² Catholic or Muslim or Mormon "education"?! Merriam-Webster Dictionary: "educate" = "bringing out of something potential or latent" — which does not resemble a process of isolating a child from dissent in order to stuff his skull with evidentially-baseless superstition, suffocating his resistance to mental tyranny. Which may provide a clue to honest Notre Dame Univ President Theodore Hesburgh's mystification decades ago: "Where are the Catholic Einsteins?" §F62

⁴³ A test of the theory is easy to find. Lee Oswald was a "suspect" for only two days. But when Jack Ruby shot him to death (1963/11/24), there was no need any longer to keep up the pretense, even in a disputed case — because a dead man can't sue. Oswald was never convicted in an official court. (Though, V.Bugliosi & G.Spence did a mock trial much later that made it obvious that Oswald had shot JFK.) So the excuse that such official conviction is the criterion is disproved. It's *nothing* but fear of suit that causes us to be treated regularly to a tedious media joke-ritual of calling even the most undeniably guilty party a "suspect".

⁴⁴ Since any third-party candidate (in the US at least) who has a chance of getting adequate TVad-funding (and protection from smears via TV 'snews, SNL, & TVad-hits) will be just another tool of

I62 Shakespeare (1564-1616) = Christopher Marlowe (1564-1623?), Cantab extraordinaire (www.dioi.org/sha.htm). See inductive masterpieces by Calvin Hoffman (1955) and <http://books.google.com/books?id=5VLvQVRk6j8C&dq=marlow+shakespeare+connection> Samuel Blumenfeld (2008). And the update-enlightening web posting <http://marlowe-shakespeare.blogspot.com/2009/06/philip-yordan-modern-day-shakespeare-by.html> by Ros Barber. [Also her groundbreaking and entertaining 2012 book.] And DR speculations, of varying limb-remoteness:

[a] Should we view Shakespeare as a poseur? Or a protector? Or both?

[b] Marlowe, like other great creators (Scott, Wagner, Twain), labored under debt,⁴⁵ an affliction reflected in *Doctor Faustus*, *Jew of Malta*, *Henry the Sixth* (§I44; www.dioi.org/j238.pdf = DIO 2.3 [1992] ‡8 fn 68 [p.114]), *Merchant of Venice*, & *Timon of Athens*.

[c] It is not original to wonder if the character "Shy-lock" was loosely modelled on the balding, vise-like money-lender who (fortunately for us) fronted-for and may have helped fund Marlowe, namely: the real William Shakespeare.⁴⁶

I63 Pollutocrat Channel. Climate Change vs Profit-Über-Alles: Fox Network.

I64 Academic Power Operator. So frantically obsessed with controlling money & opinion that creativity & scrupulousness atrophy, even while — curiously *but invariably* — craving rep for wisdom not just power; eventually settles for caring more about prominence among non-expert wider public, than about genuine experts' snickers. Among patron saints: fellow Mennonites Izzy Bowman (www.dioi.org/cot.htm#qspb) & Owen Gingerich.⁴⁷

I65 Stimulus. Pols robbing public to fund broke bank-insurance combine, so it can afford standard-issue public-conning, bank-serving pols yet again.

I66 Puritan. Hates hedonistic pornography more than slums' painful poornography. Mencken on puritanism: the haunting fear that someone, somewhere is having a good time.

I68 War.

Catastrophic inevitability due to states' disinclination (www.dioi.org/def.htm#zwfr) to share & some religions' pushing [a] overpopulation & [b] non-cross-communication (§I131).

the usual mega-wealth forces, the sole remedy is: Voters' Strike. See www.dioi.org/j805.pdf = DIO 8 [1998] ‡5 §B3 [p.46].

When one considers the US election scene, with, e.g., all "Serious" candidates slutting for their megafeline Contributors, and with the Electoral College (www.dioi.org/mot.htm#rlcg), etc, lurking as an ultimate fail-safe guarantee for the establishment's immortal lobby-cartel (www.dioi.org/mot.htm#pmzp), one must finally confront an essential question: has the ever-accelerating fraudulence of US elections reached (long since!?) the point where voting in them *AT ALL* merely pseudo-certifies their fake legitimacy? I.e., **has NOT voting become the only way left to us, to not "waste" our vote?**

⁴⁵ Blumenfeld p.85: "In those days, a dramatist sold his play to the actors' company for a sum of a few pounds. Once sold it became the property of the players' company. A much-performed play could make an actor-manager wealthy while its author lived in poverty. . . . the leading actor-managers [a few select theatre celebs] of the time . . . became quite rich and often lent playwrights money at interest."

⁴⁶ The 2010 book of James Shapiro creditably cites the well-known Shakespeare-doubters (also sneering at Hoffman in passing) but shows his inability to answer the Marlovian case by not even citing Blumenfeld's 2008 opus. Shapiro smears all skeptics by extensively and contemptuously attacking the feeble and oft-zany cases of the Bacon and Oxford cults but devotes virtually no space to the only candidate with: [a] a known record as a dramatist (and a powerful one, using "Shakespearean" blank verse before Shakespeare); [b] an irrefutable, non-speculative reason for anonymity throughout the span of Shakespeare's publications (1593 on). By the way, it's odd that Shapiro doesn't realize that he inadvertently undoes the prime public convincer that WS wrote the plays, namely, that his name appears on their publications. At pp.254f, Shapiro buys into the newly fash theory that the late plays were collaborations. But if the theory is true, then Shapiro has created a problem for himself: since none of the putative collaborators' names appear on the published pages, the authorship pages are deceptions; thus, Shakespeare's name there proves nothing. On a planet where ghosting, plagiarizing, fronting, and celeb-appropriations have always been common, this should not be news. But it is helpful that Shapiro himself has innocently signed onto this truth.

I69 “Spoiler”

www.dioi.org/bes.htm#lfcf Candidate unbacked (www.dioi.org/def.htm#hbtw) by fatcat parties (§J7). In all recent elections, ordmag 1% of the non-billionaire citizens who voted chose the non-billionaire-funded candidates. Whatever its former legitimacy (New Deal, etc), is *current* US “democracy” the greatest psychology experiment ever faked? [Trump = semi-exception?]

I70 Why’s the Whoresrace So Often Neck&Neck? www.dioi.org/jg04.pdf §G6

WHY SUCH CLOSE ELECTIONS? An only partly paranoid explanation, of US elections’ peculiar (in world context) tendency to be close, is that both ultra-rich contending forces use polling to track likely results. The richest one will almost (?) always outlast the poorer (who when out of money is doomed) and will spend until his pollster guarantees⁴⁸ he’s a lock — **BUT HE SEES NO POINT IN WASTING FUNDS BY OVERDOING IT.** The usual safety-gap is just a few percent (that’s how precise polling has become), thus the statistically-naïve public remains under the perennial illusion that elections are “close” when they actually aren’t since one side usually has an invisible insuperable fiscal edge.

I71 Faking Close Sports Finales. Just as fake are network sports events’ down-to-the-wire climaxes; one-sided games that Howard Cosell called “yawnas” have become extinct, esp. in championship games where the networks desire&acquire maximum edge-of-seat attention to bigbucks ads (§I211). DR 1st noted this decades ago in a *Balto Evening Sun* 1984/11/14 op-ed, as soon as TV-beer-ads became prime MLB income: [1] World Series longer, [2] doubling of 7game Series, [3] ludicrous jump in Series 0-2 comebacks. [MLB has long barred players from sharing in profits past 4th game. No such rule for beer companies.] Also: basketball’s pioneering in postseason interminability. (Where at game-middle one team gets ahead by 20-30 points, but by the last 5th the gap near-vanishes into nip&tuck.) For football&basketball, referees are the instrument of manipulation: calling ambiguous penalties in favor of trailing team; baseballs’s umpires massage the strike-zone for same goal. Apt×aving reaction to such monumentally greedy sham: simply skip 1st 90% of contests & tune-in for just the last few minutes’ inevitable cliffhanger drama.

I72 Establishments. Often productive but unrelentingly and Acton-inevitably corrupt, devious, ruthless (www.dioi.org/cot.htm#bzgm), utterly unprincipled (www.dioi.org/tar.pdf, www.dioi.org/pre.htm#bcvv), elaborately pretend-Respectable (www.dioi.org/pre.htm#sppl) via totalitarian censorship, 100.000% power-prioritized (www.dioi.org/cot.htm#ntgb). (How do you think establishments become established? And stay so?)

The just-discussed (§I70) every-election-a-close-one modern-illusion phenomenon is useful in one respect: it is a stark gauge of how completely big-money has taken over a country.

I73 Embassy As Military Base. If it’s in Iraq. Whyelse would the oil lobby build the biggest embassy (ever, anywhere) in Baghdad, unless it was preparing to set up stay-in-Iraq-permanently puppetpols there and here — from McCain⁴⁹ to (www.dioi.org/pro.htm#dcnw) Obama — who can run for office while pretending to merely want a long-term presence (McCain), or who can run while claiming to be for stopping the occupation (Obama) — even while slyly saying but oh-yes the US must have an “embassy” there indefinitely.

I74 GLOBBY. Lobby-combine (www.dioi.org/pre.htm#opsg) coagulating for synergistic globalist power-enhancement.

I75 The American Sheeple. Whydya think *DIO* 8 dubbed ’em so?

(See www.dioi.org/vols/w805.pdf §H29 [p.54].)

US version of “Independent” voter: votes for homogeneously-globalist Dumbos or Dembos 90%+ of the time, since TV ’snews has circularly used selective polling at outset thus handicapping honest candidates by not listing them AT ALL in early polls, waiting until establishing near-50-50 split between usual corrupt-pair of rulership-approved candidates, until wider-ballot polling reflects dominance of pre-selected pair so that any other selection

would be (www.dioi.org/def.htm#vdwv) throwing-away-your-vote.⁵⁰

I76 Patient China. Holy US cringes as the financial world-dominance of our ever-more debt-ridden Christian nation melts away, while pagan China unsurprisingly buys up a nation where everyone is for sale (www.dioi.org/pro.htm#tnhg).

I77 Adbreaks&Addicts As US mean IQ falls, adbreaks have become Adchasms. In TV’s early days, ads took up under 10% of airtime. Now it’s often c.1/3. Many TV dramas open each part by mini-reprising the previous chapter, since viewers’ memories fade during the chasm. BlackEntTV put at least 42% ads onto 104th *Catwoman* 2022/1/9 16h-19h EST.

Can 50-50 be far behind?

I78 What If They Gave an Election & Nobody Came?

Voters Strike.

TV’snews⁵¹ definition of “independents”: those whose (www.dioi.org/pre.htm#ntvc) swings back&forth have the privilege of determining whether Dumbos or Dembos win.

One would think that this bit of typically sneaky anti-3rd-party brass (using the classic *what-Isn’t-said* technique) would enlighten even the slowest (www.dioi.org/def.htm#vmcr) US voter, but there’s little sign yet that voters (if not going for Nader or another non-whore) have realized that the most powerful vote they can cast may be DON’T — a Voters’ Strike (www.dioi.org/j805.pdf = *DIO* 8 [1998] ‡5 §B3 [p.46]).

I79 BoreBall.

Baseballs, Players, & Fences: Juiced, Moosed, & Reduced.

[NB: the majority of World Series runs are now oft scored on HRs.] To reverse baseball’s decline: heighten walls to keep the ball *much* more often in the park. Even HR-king Hank Aaron notes: the most exciting hit is the triple. (Or inside-the-park HR.) WHY’s an overfence 4bagger called home*RUN* when the one activity it cancels is *RUNning*? If fans scoffed at “home*TROTS*”, could it embarrass the homerun craze into retirement? (See www.dioi.org/j805.pdf fn 15 on hometrot champs, & *ibid* §F on WW1’s sole benefit.)

I80 To Die For. Equality.⁵² [Independently-Declared, 1776]: what US soldiers die for. While paid less than 1% of war-profiteers’ income.

In a nation most of whose savings are inherited; & 99% of whose land value is owned by ordmag 1% of its citizens. Whose many workers are paid about 1/10 of a percent as much as the few corporate (and other Mob) CEOs who own the nation’s “leaders”.

Gal: Why praise just physical parts of women in films? Don’t you care about their *acting*? Guy: *ACTING?!* Puleease — you know I hate fake orgasms.

⁵⁰Note that, as elections approach, even Independent-viewpoint TV-hosts don’t invite-on independent candidates, instead adhering to the notion that independent voters’ power should lie only in tipping the balance between Dems&Dims. Since ALL newsmen of the networks’ FatCat-owned TV (FCTV) are acting likewise as election-day approaches, it seems undeniable that FCTV has a hidden rule barring alternate candidates and thus herd-channeling the toooboisie into just two rich-controlled “Choices”, which equal (www.dioi.org/def.htm#nlvs) One: Oligarchy.

I91 Muslim Feminism. Can you show higher respect for a woman than owning her?

(Especially 4 at a time.)

I92 Steepery Slope: The resemblance of addiction-slavery, whether to booze, cigaboos, coke, fame, sadism, or (www.dioi.org/imm.htm#jcxl) slavery itself, to a greased metaphorical hole where (www.dioi.org/stb.htm#fspt) the deeper you get into it, the steeper it gets.

E.g., every puff a new smoker inhales makes him require the next cigarette all the more. For addictive drugs like tobacco, each hit is really at least two hits: the present puff — and the future puff(s) ensured by the former’s production of ever-more-desperate cravings, which will leave an addict quivering with cold-turkey misery if he doesn’t keep destroying his lungs, on the way to: wrinkles—disease—pain—orphanning one’s children (www.dioi.org/smo.htm#tclh). What a bargain. By comparison Faust went to paradise.

I93 Why Do Most Professors Back the Party CRUELLY Destroying US Cities?

Answer: who’s funding the universities that’ll fire anyone defying the Dembos’ P.C. tune? Or globbies’ promise to deliver world prosperity by exporting jobs to the 3rd World and importing their desperate poor (www.dioi.org/pro.htm#ktst & www.dioi.org/pro.htm#nblc) & seeding US cities’ own fatherless poor. But there’ll be just a teensy delay re projected prosperity, during which you’d best ignore the illusion we’re getting filthy-rich while the rest of humanity is losing ground. **And US cities fall to miserable debt-enslaved poverty.**

I94 Rulership = Wealth. www.dioi.org/pro.htm#gdp; www.dioi.org/smo.htm#gpp

I99 Oligarchical Deep-State Dictatorship. Perennially posing as democracy (§I61; www.dioi.org/def.htm#fscv; www.dioi.org/mot.htm#spsg): any election lacking a none-of-the-above option (www.dioi.org/two.htm#lrgv). See inevitable Disqualification of candidate celestially named “**Nun of the Above**”: www.dioi.org/j112.pdf §G4 [p.14].

Voting in US national election: in-denial of the reality that one is living under a dictatorship.

I100 Ballots As Co-option.

Voting = assent. Comments: [a] If, for decades, a nation becomes ever more corruptly ruled — real mean wages declining, jobs less secure & more spirit-crushing, citizens ever-more-desperate to keep their fiscal heads above water, and its elections increasingly rigged (www.dioi.org/pro.htm#qptn) — then: why should its citizens continue to assent?

[b] When citizens vote for a gain from politicians, they innocently enter into a bargain — **A RELATIONSHIP WITH PROFESSIONAL CON-MEN** (www.dioi.org/mot.htm#kvbc). Does the innocent voter today know *nothing* of the history of con-men’s promise-keeping? Does Ms.Voter (www.dioi.org/dou.htm#vtrc) imagine that, if the vote’s implicit agreement [i.e., if the public weal wins, then the losing establishment just steps aside] somehow happened to come out in her own favor, the other party would honor it?! This is assumed, even *while* she already knows that politics is massively corrupt. *Classic* con-game victims: the

typical mark thinks she will benefit from the proffered relationship; but, when the smoke clears, all the chips are instead in the hands of the con-man. Surprise? §§F16&F88

I101 New Evidence for god’s existence? And she’s a nanny-Democrat!

Does sneezing show god thinks man such a ninny he needs help even to blow his own nose?

I102 Congress=Lawyers. US politics has become little more than courtroom theatre. Understand EXACTLY what this means, beyond the already-well-noted obvious (that [a] Congress is mostly lawyers, and [b] US lawyers tend to be smart, plausible, devious, & avaricious): [1] Just as each of 2 lawyers is well-paid by his side to argue a legal suit — regardless of whether he actually believes what he’s arguing — the 2 US political parties and their bellowing pols are well-paid to POSE as advocates for their clients — i.e., their voting constituencies. [2] But, while a lawyer in a real court-room may actually be trying to win for his client, in Washington Theatre it is far more likely (given this show’s consistent Mega-Feline prime “contributors” and prime-beneficiaries, for decades) that the average legislator-orator is no longer a real lawyer but is just playing-one-on-TV — to convince the gullible & ever more insecure public that it has genuine, articulate, and primarily (www.dioi.org/j805.pdf §K) revolution-deneecessitating “representation”, even while said Representative is naturally getting paid by — i.e., is the hiring of — corporate interests.

I103 Platypus. Otterly entertaining DaffyDuckbill: inventively jolly-playful.

Showbiz-wise, duckbills do not disappoint (www.dioi.org/mus.htm#bcfk). They are so odd — a duck-lookalike face on a beaver-like body — that 1st reports of them to Europe were initially suspected of being hoaxes. B&DR’s visits to 3 platypuseries in 1999 were the high points of their only trip to Oztrollya.⁵⁴

Tsunamigration into the US: Goodbye workers’ bargaining power. Hello street-gangs, cross-border drug-channels & disease & viruses. Soon: a Nation of Color. Which might be defiantly called: a Colored Nation. This is the sacred goal to which the nation’s Rulership has striven, as living standards have declined in virtually every US city that’s gone Colored.

I115 Flock of Ages. Middle Ages = insulated-Roman-church PC for the Dark Ages (www.dioi.org/j805.pdf §P4 [p.61]).

I122 Affirmative Action. [1] Institutional validation of the same paranoid envy that historically has caused pogroms: mass-murder of Jews. [2] Eternal-affirmative-action = eternal-poverty. Such programs are often promulgated by pols and priests who somehow always stay well-off while their poor believing wards stay poor. Jesus was no different. www.dioi.org/j805.pdf §C2 [p.46]

I123 Prothonotary. Ultimately, Soviet-spy Alger Hiss' 2nd-least-favorite warbler.

I124 Tiffany Chin. Why did a late 20th century ice skater name herself for pug-van-winkle Floyd Patterson? Reminds one of Bob Hope's crack about his days as a pugilist officially known as “Packy East”. But his nickname or *nom-de-doom* was “Rembrandt” because he spent so much time on the canvas.

I125 ShockStart-Facing — to Phaseout Bunny Jungles. Baltimore advanced inevitably from US #1 teen-pregnancy city [tho 1/2 aborted] to poverty that made it 2020's #1 street-murder-rate city. **At least 90% of these murder victims are black** (§F5): **one per DAY in Darkest Baltimore vs one per DECADE in Baltimore's unblack Roland Park area. A RATIO OF OVER 1000-to-1.** Pols don't care re the ongoing mass-misery, **parental bereavements**, since ghettos are their power-enabling vote-farms (§I209) — *deliberately, cruelly cultivated*. If a group's BUNNY rabbit-improvident pregnancy-rate keeps transforming one city after another into lethally-poor-JUNGLES (www.dioi.org/ju00.pdf §O11), it's inviting return of an AWFUL nickname, which'll now be less a macroaggressive-insult than **historical&biographical FACT that oughtn't be censored IF BLACK LIVES MATTER.**

[JBBriggs: Fat folks stay fat because PC calls them “weight-challenged” or somesuch, instead of bluntly: “FAT”.]

I126 Patriotism. Same as **Nationalism** (www.dioi.org/pro.htm#hnpl) — the worst and most bloodspilling of all bigotries (www.dioi.org/imm.htm#gspt), “Nazi” being its most familiar¬orious contraction. Nationalism is less logical & rather more murderous than race-hate (and the combination is more lethal than either: www.dioi.org/j805.pdf fn 42 [p.55]), a ratio modern **nations** are naturally at drumbeat-propagandistic pains to obscure. Nations must have borders. Borders = segregation (§I2). European = Turkey in EUese. Ukraine (incl. Crimea) nonRussian⁵⁶ in USAese (Crimean War not Russian?!): so joining NATO unless Russia invades? Atlantic = Afghanistan in NATOese.

NATO, the North ATLANTIC Treaty Organization, has been trying to transform Afghanistan (which shares a border with China) for over 2 decades, though Afghanistan is **farther from the Atlantic than from any other ocean on Earth**: Arctic, Indian, Pacific.

I127 Son-of-Danzig-Strip. Israel. [Eye-opening perception due to Barbara Rawlins.]

I128 Globalists. Gated-community billionaires (www.dioi.org/mot.htm#wdcg) who get groups together. Except themselves and ordinary folk. Crowding-by-merging disparate ethnic or national peoples serves rulers' purposes. Lowering wage-costs, sowing division among the non-rich, easing exploitation. In the “Holy Land”⁵⁷ by ensuring a permanent **Western** “peacekeeping” presence in the Middle **East**, which by complete&utter&unplanned accident has armed globalists on top of the oil situation. *From the other side of the planet.*

⁵⁶ NATO&H.Biden want to move in on-long-Russian Ukraine. Hmm. If Confederacy or Canada were armed by British or USSR empires, resp., & tried to merge with same: would US just stand by?

⁵⁷ Isn't “Holy Land” kinda clumsily overironic (even for TV 'snews-propaganda) for a region notorious for hate, intolerance, & greed — thus a 1000^y-long history (§C3) of mass-bloodspilling?

I129 The Media. The medium. www.dioi.org/j211.pdf fn 38 [p.11]

I130 US Elections as Delusion Contests. US voter = actually believes that at least one of two megabucks-produced candidates is primarily interested in the average citizen.⁵⁸

I131 Faith [& §C].

Faith [Def.1] (www.dioi.org/mot.htm#fstg) = one syllable, corporate-media-sacred word for throwing away the one human capacity that separates brights from mental robots: a mind that thinks for itself instead of just insisting on believing what it was brought-up on — or is being Authoritatively force-fed.

Faith [Def.2] = reverse-pejorative for the improvidence of belief without reason or evidence.

Thus, Faith and/or Guns are what get resorted-to when someone's losing an argument.

I138 Didn't Lincoln Stress That Civil Liberties Can Contradict Each Other?

Liberal (www.dioi.org/imm.htm#plc): [1] civil-righteously welcoming tens of millions of desperate peon-immigrants whose kids (www.dioi.org/pro.htm#fvfc) can end up imbued with resentment of slave-wages and poverty, [2] civil-righteously objects to booting the potential bombers (e.g., Muslims) inevitably created by such conditions, & [3] can't understand why the gov't thus now insists on spying on phonecalls & emails, killing privacy traditions®ulations. **Keep in mind that Privacy was the basis of Roe-vs-Wade.**

Capital-L Liberals contend that all immigrant-tsunami problems can be solved by social-worker-style programs to alleviate, e.g., “alienation”. (Similarly, the Roman church pretends that any rate of inundation can be handled by faith-based humanitarian programs.)

No matter how many consecutive deferred-hope poverty-depressed decades go by, the upper-case-Liberal mind dreams on.

I143 “Peace Process” & Integration-Process Eternal failure of unmixable elements' forced harmony (knowingly-obscurantist-media-translated as “Process” decade after decade) has failed in Middle East, and domestically has become capitalism's quickest, slickest, sickest (**but irresistibly-profitable**) killer of free speech and workable socialism.

But it gets the union-busting job done in a jiffy. www.dioi.org/j112.pdf §G3 [p.14]

Meanwhile, the alleged goal of peaceful harmony forever remains an enragingly out-of-reach chimera, a classic **DIVIDE&CONQUER** swindle (§A14) — of the naïvely exploited non-rulership population. www.dioi.org/j429.pdf §G3 [p.80] & fn 25 [p.86]

Will 2000’s Hilla-runs-Rudy-out-of-local-race triumph be flipped in 2008, paralleling the (Illinois-vs-Illinois) Douglas-vs-Lincoln 1858-to-1860 turnabout? [A DR 2005 double-misvision which (like www.dioi.org/jb24.pdf §G) is preserved in print here to encourage DR humility.]

I159 What’s the Press’ Favorite Dance? The Twist.

The press has (§I162) displaced priests as the champion (www.dioi.org/pro.htm#rwnm) Judas-goat — less by fantasies than by leading the citizenry along devious paths approved by & aimed at enriching its rulership-owner, by selecting & manipulating truths to that end.

I160 Twistory.

US mass-media (www.dioi.org/def.htm#hgwd) have convinced citizens that the US’ Founding Fathers were Christian and Hitler wasn’t. §C5 or www.dioi.org/j936.pdf fn 75 [p.142] On cable-TV’s MSNBC (Most-Sacred-NBC, B.Rawlins calls it), during an argument about rightists’ fantastic allegation (obviously contrived in total isolation from department stores . . .) of a “war on Xmas”: www.dioi.org/def.htm#vspc — a vision pairing hysterical psychology & hysterical humor — Christopher Hitchens had the-galls to mention the non-Christian deism of George Washington & Benjamin Franklin. The reply was simple and revealing (2005/12/1 22h EST): he was instantly gang-interrupted and smothered-talked-over by the emcee and another standard-Christian-fanatic. Projectively pretending that CH was the sole interrupter, the emcee told CH he will never again be invited onto his show. This makes explicit a long-implicit reality: anyone who dares to go outside the tacitly-understood censorial US-media-limits (§B6) knows he risks self-toobicide by banishment from said media. Few will dare it. This is a prime mechanism of the US’ seemingly soft-subtle but precisely ruthless censorship (www.dioi.org/pro.htm#rrwp) — which is as cleverly invisible as the theologians’ god, but [in its restrictiveness & consistency] is plainly more powerful.

I161 Vampire-Failsafe: 2 Fangs Surer Than One. Multi-tusking. *Couldn’t resist. [Shoulda.]*

I162 VatCity Social Security Creates Dazzle-Gowned PopeStar. Why does TV ’snews’ idea of (www.dioi.org/def.htm#gdzs) Zmas&Easter fixate so exclusively upon VatCity’s pomp — as if no other Christian but the PopeStar owns those festivals?

And VatCity pomp is ever-reliably Jesus-defying: ostentatious garb (contra Luke 12.24), prayer in public (contra Matt 6.5-6), rigidly rote-performed (contra Matt 6.7) — note highest possible irony at Matt 6.9-15 (fn 32; www.dioi.org/pse.htm#vpck). Answer: pope is THE old-reliable (www.dioi.org/rel.htm#pdcB) Judas-goat — though eclipsed for-now by the press (§I159) — when it comes to convincing workers (www.dioi.org/def.htm#rpf) passively to tolerate their terrestrial exploitation by plutocrats, since it’s *Church-guaranteed* that you’ll get back your genuine wage-value (or worth-equivalent) and then some, when you arrive at heaven. Hey, it’s god’s-own Social Security! You’re piling up [invisible] “treasure” (Luke 12.33) in [invisible] heaven.

Like any other Wall Street investment counsellor, pope knows that classy threads inspire confidence. §I155; www.dioi.org/jq00.pdf §D3; www.dioi.org/pro.htm#pfbz

Art “criticism” = too-often artfully pumpingup-peddling trash as treasure. As for the glam mega-sales, that are dutifully ballyhooed by art-presstitutes: are most even real?

I164 A Market That Never Goes Down.

Brokers’ song: buy&hold. Don’t-break-the-chain. Buy or trade but don’t sell in-toto.

Why? If money goes into the market & doesn’t leave, the DJIA goes ever upward. When it starts seriously leaving, that can become infectious.

I165 Christian god. Dwells in invisible someday-skypie mansion, Heaven. But created visible inferior quarters (Earth) for his wards. Who gratefully worship him in surety of their post-death mansionhood future. Though never having met anyone (of billions of visibly-dead humans) who’re supposed to have actually lived in said invisible mansion. . . .

I172 Black History. Nature's cruelly tragic perennial prank on egalitarianism.

I173 Rockstar. Wilful, pampered wealth-elevated — professionally pretends to lyric expression of romantic emotions for fans whom his atypical life & isolation renders him incapable of understanding or even caring about.

I174 Rackstar. Trump scorns lip implants, but weds silichests & nails stormy rackstars. (To nonseptagenarian rackfans: slimness signals youth, & which heats lust: youth or age?) [But today's baldshaven-mons fashion overdoes it, risking increases in child-rape statistics.]

I175 1930s FleshcineMogul Cecil B. DeMille vs Puritan FilmCensor Will Hays. Cec&Desist.⁶¹

I176 Censors' History&Ethics. Progress. When young, DR took the Vatican *Index of Prohibited Books* for a recommended reading list. Before every film in Baltimore's theaters, he saw on-screen the name of a distant cousin, the local "Dirty-Movie-Lady" who headed the "Board of Censors" of the Catholic-founded state of Maryland (ultimately a national joke as the last state to drop such a guardian-body), deputed to prevent cine-sin from corrupting Youth. Another cousin later imparted the information that she got the job by sleeping with the governor. Today, the *Index* is such an old embarrassment that the only book now in-effect prohibited to modern US Catholics is the *Index of Prohibited Books*.

I177 FCC as Dirty-Movie-Monitor. Pseudo-puritanical money-disdaining FCC's measure of apocalyptic societal moral-degradation: display of erogenous epidermis on any television show. (Unless the otherwise-hellbound viewer has endured penance — in the form of paying⁶² a hefty subscriber-fee.) Why give away for free (as Europe's everyday television does unblinkingly, both in programs & ads) something you can charge enough lucre for, to protect a monopoly by "influencing" gov't officials? Whether such priorities are defensible is a separate issue from whether they should continue as undiscussed as they are. Doesn't the anti-nudity rule hold even on the homosexual channel? — which is ad-supported. If so, then there seems to be an unwritten rule (www.dioi.org/rel.htm#fbcn) that, while the US advertising community is OK with something as risky as homosexuality, it won't permit something as box-office-popular as nudity. Just another refutation of the lie (www.dioi.org/mot.htm#bxc) that the state of public fare merely reflects the public taste. Ultimate disproof is based on the original pacific Olympic ideal that all athletes should compete non-nationally: shall we poll the US toooisie on whether or not they'd prefer a *national-uniformless* ancient-Greek-brand of Olympics, with every athlete nude?

I178 Makeup Kit. Face-in-a-case.

I179 Titanized-Trifle-Terror. Death: it's really nothing. So, too many people spend their lives fearing zero (www.dioi.org/rel.htm#nwrl). Why? Perhaps a clue is embedded in one of the cruelest of jokes, delivered by the Earl of Errol in the film *White Mischief*. Errol's question (www.dioi.org/pro.htm#rcfj) is intended to be terrifying to its target gender: what happens to a woman when her looks go? Yet his pseudo-comforting answer is simply:

Nothing.

⁵⁹Congress: invites mushroomed US cities, to avoid national identity card that could endanger its business-worldfunders' precious cheap immigrant laborpool.

⁶⁰No matter how much you pay them, Freudians won't hint at that possibility. Maybe since they're napping themselves during their patient's sessions? That's the least known sneakiness of Siggy Fraud. (See Frederick Crews *Memory Wars* NYReview Books 1995 p.37.)

Which may explain why the traditional couch is oriented so the victim isn't looking at the shrink.

⁶¹Hays was nemesis to DeMille's carnal versions of biblical epics. The "Hays Code" bordercollied Hollywood-films' eroticism 1934-1968.

⁶²This item is a touch obsolete (since IFC changed its policy c.2010), but worth preservation.

I180 Ultimate Throwing-Away-Your-Vote.

Voting Republican or Democrat — that is, asking for rulership by those parties' billionaires, who also own the very "press" (and its sheeple-manipulation-by-polls) that convinces you that NOT voting Republican or Democrat would be throwing away your vote.

I181 Gov't Protection Racket. Forced taxation for arms.Yet: imagine US fate without.

I182 Amelia Earhart. Amelia Airhead. Seen by air community as mainly pretty&brave. She almost took our friend Brad Washburn as navigator instead of Fred Noonan, on her 1937 fatal try at a 'round-the-world flight. (If she had, she'd've died in bed.) Later asked what the cause of her disaster was, Brad just summed it right up: "pathological overoptimism."

I183 Dem-vs-GOP. TweedleDembos-vs-TweedleDumbos.

I184 Stockbroker. Stocktout. Brokers act like they could easily grow you 10% a year. If so, they'd get rich by investing not commissions. At 10%/year, after 40^y, they'd have 45 times initial stake, since $1.1^{40} = 45$. (And wouldn't need to charge anyone for anything.)

I185 When Bolshies took over Russia in 1917, Britain&US&allies launched armies from east&west to strangle-the-satanic-baby-in-its-cradle. In vain. Curiously, Russia soon ended up ruled by a paranoid. Which is why it prepared so massively for & survived the West-encouraged (Liddell-Hart p.8) Nazi 1941 invasion.

Patron saints: John Calhoun, Al Sharpton, Heinie Himmler, B.O., Van Jones (former Obama team-player and typical CNN race-professional). Indeed, VJ has re-confirmed that one drop is all it takes: CNN 2015/10/7 22:10 EDT. (Which elevates *DIO* Publisher DR to unmitigated blackitude.) We racially-mixed folk thank Van for showing how frantic the black lobby has become *not to lose anyone to what used to be its alleged goal: integration*. Can execution-for-apostasy — à la Aquinas&Islam — be far in the future?

I194 Zero-Drop Rule. Black celebs' marriage-selectivity.

(See under Simpson at www.dioi.org/j605.pdf §A2 [p.49].)

⁶³Which he and Dicky Loeb surely bungled when, in 1924 Chicago, they randomly picked out Bobby Franks, murdered him just for fun, and buried him with the kind of respectful ceremony that reflected their remorse: hurriedly stuffed the body into a country drainage duct. But the tear-ducts of the amiable judge at their trial were unstuffed to the point of full-flood at the hideous prospect of hanging "boys" whose dads were super-rich enough to fix judges. (OK, OK, sorry: twenties-Chicago was so uncorrupt that it couldn't happen.) Instead of death by the rope, he gave a couple of homosexual kids a sentence worse-than-death: he put them in Joliet with LOTS of other young men. When in the same jail (off and on), he and Loeb got together plenty. They are not known to have shed tears over Bobby Franks, but when Loeb made a pass at a different con and got murdered for it, Leopold's duct-tsunami matched the judge's for empathetic effusiveness. Leopold was sprung in 1958, and was extolled by the murderer-hugger crowd as a model of rehab. He even visited Chicago and didn't kill anyone there again. As far as we know. The extent of his shame for the original 1924 murder may be gauged from a simple fact: he kept a big photo of superman-thrillkill partner Dicky Loeb — not victim Bobby Franks — on the wall at his home for the rest of his life. What a softie.

I195 Correctnesses. Political correctness = hating inherited wealth while loving inherited racial-debt reparations. Conservative correctness = reverse.

I196 US 2-Party Election-Trick. The true Rulership's ingenious numerical illusion, which convinces at least half of the public that we-the-people control the gov't roughly half the time. (See under our *Skinnerian 2nd & 3rd pigeons*: www.dioi.org/j429.pdf §S; www.dioi.org/j236.pdf §C; & www.dioi.org/pre.htm#tpfc; www.dioi.org/pro.htm#wcpv; www.dioi.org/j805.pdf §K.) The US, where elections almost (fn 58) always come out as the Rulership *pre-determines* (§I61), is now under the illusion (www.dioi.org/def.htm#frtp) that a gov't is democratic because it *appears* to follow most parts of the electorate's wishes at-least-some-of the time. This is a model psychology-test hoax (paralleling magicians' standard card-force): a 2nd-pigeon confusion of a random connection with a causal one.

I197 Half-Truth. Half-Falsehood.

I198 Racial Profiling. Bad name for what's Good if it's Affirmative Action.

I199 White Privileges. Wealth & (Europe) civil society some whites worked to create.

I200 Black Privileges. Quotas, extra S.A.T. pts for genes&skinshade, wordbanning, pseudocontrol of big US cities thru high-multiplication&slavish-bloc-voting, much automatic (if stingy) child-support paid by hate-object-group (via taxes weakening own breeding). Black-Privileges' basis: ALL whites' debt for a FEW whites' transAtlantic-trade-to-slaver-America; yet nonsharing debt by ALL blacks (a FEW of whom participated in slavery on land in Africa) is just due to blacks' inability to navigate the Atlantic then.

I201 Race-Prejudice ≠ Race-Hatred.
For a mixed society to get along, citizens must suppress superficial attractions & repulsions. Racism's (www.dioi.org/imm.htm#nwfr) inextinguishability is due to its natural biological advantage. Obviously, it must be a key ingredient in evolution: if survival-positive mutants did not systematically prefer their kind sexually, their evolutionary advantage would be swiftly melted away over succeeding generations.

I203 Billie Jean King. Women's Tennis Assoc. Founder. Fellow Lesbian. Backs cheating women athletes by inserting men into contests, thus endangering survival of women's sports. After earlier bedding tobacco industry to make a buck promoting same.

I206 Lie-Detecting Sans Machinery. Labeling polygraph "Lie Detector" is itself a lie.

I207 Atheism in Practice. Talking to yourself (www.dioi.org/rel.htm#vvd). People who really think there is a god, will talk to that god instead of to themselves. When you find that, even in stressful situations, your interior conversations are only with yourself, then: you know you've chucked the god-crutch.

I208 Fatal Weekness: Drug-Erased Sense-of-Proportion. Smokers = folks who aren't willing to suffer a *WEEK* of withdrawal-pangs, to save **THE REST OF THEIR LIVES** from an accelerating curse of painful chronic illness, usually followed by early, often hideously agonizing°rading death.

I209 GOP Abortion-Opposition's Unspoken Racist Motive. Pushing tyranny⁶⁴ over women's reproductive-control = GOP obsession (since Bush1),⁶⁵ pretending it's "Pro-Life". No. With birthcontrol available: the improvident naturally out-breed the provident, frightening GOP by expanding Dem voter numbers, turning ghettos into voter-farms, whose crop increasingly outswamps opposition. But instead of FOX serving *scared GOP's hope for a breeding-race* vs Demos (§C13), replace AFDC with a *RACE-BLIND* rule common to relatively slumless oriental megacities: **no kids for those who can't afford them**. Family cohesion not gov't-welfare helps the poor (§§I31&§J20-J21; www.dioi.org/ju00.pdf §O11).

I210 Blame-Game Causal-Genealogy: Infinite or Truncated?

"Troubled" kids used to be less bleeding-heartily called: "Trouble".

Does the semantic trick here present us with one similar to the same D-insertion that lies at the slick heart of the First-Cause proof of god's existence? Where the universal-passivity premis is: all things [except god] (thus negating the premis) that move are moveD by another [entity]. Aquinas' First-Cause proof (www.dioi.org/rel.htm#qrfc) credits all activity to god, a Roman church fave ploy, until we ask (www.dioi.org/ju00.pdf §A2; www.dioi.org/rel.htm#fgpc) for evil's First-Cause: www.dioi.org/jg04.pdf §F8. Every army got organized by a nation that had (www.dioi.org/pro.htm#crpm) been armieD (attacked) by another. So is anyone (but the putative First Trouble, or First Mover, or First Army) responsible for anything. . . ? Given the West's pushy record of doing whatever it takes (§C12) to suck oil out of the Middle East, an Iranian diplomat responded (during the hostage standoff) to an accusatory US "journalist" by perceiving (emph added): "You are *starting* in the *middle* of a history."

I211 Playoffs. Eternal Augustinian redeemability: forget regular season. Public Posters ironically reading "Drug-Free Zone" can be unloosely translated as: ditto.

I222 Who's Crazy?

Insane = one who acts so crazy that he's punished with free room&board and shrinks&other handholders, in a cozy nut-hatch.

Sane = the rest of society, which keeps paying the bill & watches a fraction of "insane" killers thespianly get-off & head back-to-work if so inclined: www.dioi.org/cen.htm#mvkq. I224 Stealing. "Looter" = TV 'snews-ese for poor kid who, in hot blood, steals a TV during a riot. "Statesman" = TV 'snews-ese for rich pol who, in cold blood, skims a million in kickbacks from backing funding of needless weapons.

I228 “Integration”. TV ’newspeak for *forced* integration.

When force is (even implicitly) admitted, it’s phrased as: “court-ordered”.

I230 Equality’s Unfaced Fetal Flaw. Fairness = all starting life with equal wealth, equal schooling, etc. Insuperable problem: zygotes’ equal potential-IQ cannot be levelled by fiat.

I231 Cheating at Scholarship.

I232 Marriage.

[a] One’s life-center.

[b] The hope of simultaneous death.

I233 US Free Elections.

The US public distrusts & loathes the ordmag 1/10 of a percent of its citizenry that are lawyers, yet keeps electing them to Congress so reliably that this body has long been and will remain almost entirely composed of lawyers, who stay in office longer than the rulers of virtually all the world’s most rigid dictatorships. §I102; www.dioi.org/bes.htm#bljg

I234 Politicians’ Favorite Self-Slander. “Experienced”.

I238 Yet Nobody Worships Chimps. Chimp = 1st known proof of reasoning outside humanity, while there’s certainly no evidence that a god has exhibited any.

I239 Max-Rigidly Media-Programmed PC-Lib.

[a] Rates racist Affirmative Action programs as of higher importance than killing off poverty.

[b] Cannot turn away any immigrant.

[c] Can’t agree that capital punishment has any deterrent effect (www.dioi.org/cen.htm#pvcu).

[d] Won’t admit that Jews or homosexuals have even a slightly (www.dioi.org/bes.htm#cqdp) disproportionate influence in the US media.

(This, even while benefitting from said influences’ creation of greater societal tholing dissent & minorities — DR’s fellow atheists being among the prime beneficiaries.)

[e] Won’t recognize any genetic factor in blacks’ long history of intercivilization difficulties.

[f] Cannot see that the above stone-set attitudes (some meritorious in non-extreme versions) — all of which are daily-drumbeat-dunned into the toooisie (or tacitly assented-to via rigorous non-mention) by the “Mainstream” media owned by the super-rich — might

[1] be aimed (www.dioi.org/pro.htm#blzp) at aiding the super-rich not the middle-class, or

[2] have the slightest bearing on Libs’ own decades of frustration at the world’s sinister political direction. (A direction for which those with influence — if wishing credit for claimed benign effects — may bear some share of responsibility.)

I240 Miranda Decision. Cops forced *by-LAW* to be admen for lawyers. *DIO* has repeatedly noted how perversely anti-scientific (www.dioi.org/sno.htm#trfy) the *liar-coddling* Miranda Rule is: www.dioi.org/j739.pdf fn 15 [p.88]; www.dioi.org/ja00.pdf fn 141 [p.64].

I241 Rock and/or Rap. Evoke both advantages of being Helen Keller.

I242 Christmas. Holiday celebrating charlatan’s non-winter birth at the astronomical pit of winter, the solstice: celebrated as holy by numerous cults (www.dioi.org/rel.htm#tndz) at least since that of the “god”, Zoroaster; see also pagan emperor Julian the Apostate’s 4th century AD “Hymn to the Sun”. Modern Zmas = holiday-from-work which has been converted (by well-paid local TV ’news stations) into non-stop-shopping as work.

I243 Arrest Room.

“Rest Room” where if you linger to genuinely take a rest — you could suffer arREST.

[Reminds one of the oldie: why do you park in a driveway, and drive on a parkway? Elsewhere (www.dioi.org/mus.htm#ehfh): *DIO*’s own contribution to such perversity.]

I244 Old Age’s Arrival.

[a] Accumulation-rate for new memories becomes less than rate of fading-loss of past ones.

[b] Loss of flexibility and drive begins to exceed the advantage of experience’s wisdom.

I245 Leaders’ 1st Draft Choice in War: god. www.dioi.org/rel.htm#rwwg

I246 Leaders’ 1st Draft Choice in Peace: satan.

I247 Dracula as MassTortureKilling’s Ultra-Efficient AssemblyLine-HenryFord.

Vlad-the-Impaler’s mass program of goosifixion: streamlining old-inefficient crucifixion by dispensing with the cross-bar and popsicling the victims (www.dioi.org/pro.htm#blfz). Abraham Van Helsing was (www.dioi.org/mot.htm#xcdr) Bram (Abraham) Stoker’s Dracula-staker in Stoker’s 1897 book, *Dracula*. (Note: its cervical umlauts tend to be hot&het: Victorian-era fiction’s only permissible erotic penetration.) But the real Dracula (Vlad) was staker not stakee. Applying Fairness Doctrine to 2 once-persecuted religions: if Christians can wear crucifixes, why can’t modern (www.dioi.org/def.htm#brrg) Europe-swamping Muslim descendants of Vlad’s victims wear stark-stake goosifixes just as proudly? §C12

I248 “Beauty Parlor”: Club Medusa.

I249 “Gay” = Hetophobic? DR objects only to lobbies’ slogan-smears & censorship. Those who intolerantly try to wipe out homosexuals are but a tiny fraction of citizens who don’t agree with all planks of the homosexual lobby’s platform but whose “phobic”-percentage could be less than that of homosexuals themselves. We can try to prevent either fraction from getting anywhere near a majority.

I250 Ultimate Leveraging, Pyramid-Power & Comparative Certainties.

Undiscussed in public media, but absolutely THE underlying-bedrock-magic upon which national rulership & survival is reared: www.dioi.org/mot.htm#sfdk. In practice, a mere dozen gov’t ministers pay a few dozen top generals to (via thousands of sergeants) threaten *millions* of soldiers (the public) with the **entire-certainty** of execution by a firing squad of a dozen rifleman if those *millions* of so-easily-cowed soldiers don’t obey orders — ranging from marching all day, to charging into enemy fire — risking **NOT-entirely-certain** death. And this process is paid for by taxes raised by a dozen top gov’t officials arranging a similarly-leveraged terror-system to scare the public into paying up every April 15.

I251 Addiction. Any obsession so time-grabbing that you miss out on The Good Life you’re sure it’s essential to.

I252 On a Finite Planet, Limited Space & ProActivity Require KILLING Life.

[a] If VatCity *really* believes in protecting *all* life, it must have a HELL of a roach problem.

[You never know if a dead roach’s progeny *would’ve* over eons evolved into saints or genii.]

[b] What if my mom had aborted me? Same as if she went nun: either way I wouldn’t exist.

I253 Is Anti-Segregation Unpatriotic?

A nation without borders isn’t a nation. And borders are segregation.

I254 “Disarmament” = Gun Control. The Medium tells us disarming the US gov’t would be naïve. while telling us disarming US citizens is wise.

I255 Division of Labor.

Pimp = has the guns&brains; his employees do all the work (www.dioi.org/bes.htm#cxmc).

So why does the capitalist-US-Gov’t-Medium Rulership scorn pimps. . . ?

I256 “Controlled Substance”: Any drug that’s wildly out of control.

J6 Recipe for a Nation of Poverty. Should illegals' very occasional kids automatically become US citizens, which has long been not seriously challenged as US legal tradition?

DO THE CRIME — DO THE CRAM

J8 Rural Guns. If Switzerland and rural Georgia towns have ready gun-availability and minuscule crime rates, does the NRA have a point?

J9 Saying No to Just-Say-No. How does the GOP intend to curtail poverty while opposing abortion & even trying to bar the gov't from paying for a pregnant woman's abortion,⁶⁶ *tho years of [inadequate] gov't-support for her unplanned child'll be far more expensive?*

J10 SCARIEST Question. Will reversing US decline require less racism? Or more?

J11 MobDream Come True. Dems reject jailings&cops⇒US awash in violent crime, and what cops remain can only rarely get to so many crimesites in-time to protect citizens. Ever-puzzled Dems keep asking the defenseless public why it keeps buying so many guns.

J12 Integrity?! What Newspaper Would Even Care? How many times have you seen a prez-race poll asking not who you're planning to vote for but (www.dioi.org/poi.htm#kstv) instead simply: who's the most honest?

AND LISTING TULSI GABBARD & NADER WITH THE USUALS.

J13 Rightists Unappreciative of California's Bold, Neat Educational Experiment?

California's new law will rank a robbery as a misdemeanor if the arithmetic sum of the various stolen items is under \$950. FOX assails the law as an invitation to crime when its actual aims are obvious&admirable. [1] A thief is taught providence: he is encouraged to case-out a store, and [2] sum up *correctly* the total worth of the planned swag, which *better be* under \$950. So, by the threat of jail (if he goofs), he is stimulatingly educated to correctly add & subtract. (He&ghetto are already extremely experienced in multiplication&division.) Who can argue with the advancement of civilization that such laws are *plainly achieving?*

J14 Glamour. Try polling today to see: would Roman-church kids rather have an encounter with celebs Brad P, Taylor S, Tom C, *et al* — or the BVM?

J15 Credulity-Gauge. Do you believe Mary was a virgin?

J16 For Hubby or Self? You want your wife to wear nail polish? Plastic chests? Spikes?

⁶⁶ DR's summary of the brilliant insight of P. Thomas S.J. (www.dioi.org/j429.pdf fn 6): "if ensoulment (the moment at which the alleged soul enters the human) occurs right after conception, then, what happens when, in the case of twins, this foetus splits? Does the initial soul go to the left twin or the right one?" [See also §I252.] Message: the issue is less simple than generally supposed.

J17 Media-Hidden. Which nation won Berlin's notorious 1936 Olympics, when Jesse Owens famously beat German competitors? [Germany by far: www.dioi.org/pre.htm#jwgv.]

J18 Unelected Trump Card. Is it right that in the US rulership's media, the race-card trumps (§I204) the gender-card? Don't women even care?!

Is it not demeaning for women to fawn on a party that street-riots regarding race not gender? White women show at BLM riots — yet how many BLMers are at abortion-rights marches? (And how many black women? — given the fraction whose income is enhanced by AFDC.)

J19 Unknown Proportions.

Including murders of civilians and of concentration-camp inmates, what percentage of the total World War 2 dead were German, Chinese, Japanese, Jewish, Russian, Serbian?

How many USers would know that the top totals were for Russia & China? — and that the US' WW2 dead was ordmag 1% of either nation's total. *And less than Serbia's.*

J20 Too Outrageous? (And Eternal Mass-Poverty's Torture Isn't?) §I209

Should multi-generational, stubbornly-persistent poverty&crime-cycle gov't-fed ghettos be shrunk by the gov't instead requiring parents to have licenses before reproducing?

J21 Choices. Suppose the gov't decreed that — if unable to afford on your own — you can't have kids, or can't have cars, or can't have women, or can't have booze, or can't have coke, or . . . which would be worst for you?

[The gov't-medium combine insists that your preference is: kids. But: is that true?]

J22 News? Do you care if you never again hear TV 'snews talk up:

Whether Olympic gold medals go to USers or furriners? (See §J17.)

Wally and the Jerk of Windsor?

The mideastpeaceprocess?

The latest pregnant celeb? (See §G52.)

The latest radical-chic celeb?

The latest celeb rehabbing from drug-addiction?

J23 Washington Deafness. Do you think the gov't hears your voice or vote?

J24 You Funding Your Mugger's Mout'piece. Do you favor the present policy of handsomely paying (www.dioi.org/two.htm#mgtx) "Public Defenders" out of your taxes?

J25 NonPhonies on Phonies. Poll all Nobel-prizewinners on "modern" art.

J26 What It's Come To. Dorian Gray's portrait'd now sell for far more after than before!

J27 What Do Scientists Privately Think? Anonymously poll scientists immune from firing: Do you agree with media orthodoxy that all races' mean intelligence is identical? Academe is exiling even Nobelists who don't: www.dioi.org/ju00.pdf §O8.

J28 Missing Accomplished. Aim of suppressing racist speech = social peace.

Sooooooooooooo — ah, how's it workin' out? www.dioi.org/j429.pdf §R2

J29 Fifty-Fifty Flip. What's the most likely gender-distribution for a 4-child family? All-same? Three-one-split? Fifty-fifty? Ironic answer: *three-one*, on which the odds are: FIFTY-FIFTY. (The other odds: 1/8 on all-same; 3/8 on fifty-fifty split.)

J30 How China Might Archly Poll Culture-of-Life Trumpsters & Fox Networkers. Can a nation burdened by burgeoning fractions of improvidents, long stay healthy (§§A10, I252, &J9) without systematic abortion of reproduction-careless indigents' foetuses?

J31 Trust-US. Despite some admirably forward-looking exceptions, most black leaders keep dream-asking whites for some variety of Reparations, behavioral or fiscal. Begging from a race that kidnapped you from Africa, kept you in chains&filth across the Atlantic & thereafter in bondage for centuries via whips, laws, guns, high-interest credit-cards?! Now, after recent decades of care at the hands of the whites-financed Dem Party, check your present state & notice what real-life Reparations keep adding up to.

Why would provident blacks expect debt-honor from those who keep producing slavers?

J32 Untaken Path Out of Poverty. Poll non-pols to learn who realizes: while blacks' population-growth has captured cities, it has simultaneously ensured their mass-poverty. Therefore, *DIO* (www.dioi.org/j43d.pdf §E5) proposed a rewrite of the civil rights hymn:

WE SHALL UNDERCOME

K Personal Adventures.

K1 Wikipedia as Instrument of Censorship, Revenge, & Hiding Accurate History.

Though DR's Wikibio was moderately complete back in 2008, it has since been the subject of an unending series of harassments&suppressions (*not once justified by finding inaccuracy*), with intended shrinkage to stub. Thus, the Wikibio fails to note that DR publishes the best-refereed journal in the astronomical history field (indeed the term publisher was specifically eliminated from the bio years ago), and now cites almost none of his central historical contributions (extensively cataloged at †12 & www.dioi.org/dd.pdf), etc. These include revelation of the star used to orient the Great Pyramid (†3 below; www.dioi.org/g835.pdf); dozens of seminal discoveries unburying the hitherto-unappreciated *astonishing accuracy* of ancient Greek science (e.g., †5 below; www.dioi.org/jm03.pdf §1; www.dioi.org/g828.pdf). And DR's recovery of the epochal vision of 1st heliocentrist Aristarchos [www.dioi.org/g841.pdf] has been removed from Wikipedia's Aristarchos entry. No Wikibio reference to DR's key rôle (*Scientific American* 2004 Dec p.98) in solving the conspiracy re discovery of Neptune (DR's 2nd-fave celestial body) & quickly organizing prominent appeals that preserved the RGO Neptune file (www.dioi.org/j911.pdf pp.3-4). Nor to his 7^y project creating the standard critical edition of Tycho's 1004-star catalog: www.dioi.org/j300.pdf. (Wikipedia's hefty Tycho article doesn't even mention it.) Nor to the internationally-recognized star-granite Rachmaninov memorial (photo at www.dioi.org/bunny.htm), funded&inscribed by wifeBunny&DR in 2004. (Commemorating Baltimore's 1934/11/7 world premiere of Rachmaninov's *Rhapsody on a Theme of Paganini*, composer at the piano.) Nor to his unprecedentedly tiny 1973 estimate of Pluto's mass, too-high but the best ever to that time, prior to the brilliant discoveries by Cruikshank&Harrington. Nor to DR's eigenvector solution for a star's tidal axes of symmetry induced by multiple gravitators in three dimensions (www.dioi.org/gjr.pdf). Nor to his discovery of asymptotic planetary perturbation amplitude's distance-dependence. The most recent removals from the bio are usefully illustrative in their transparency & meanness: [1] Suppression of the accurate statement that DR has undone the two most enduring science hoaxes of the 20th century. (Deletion not justified by naming longer-lasting 20th century frauds than the 1909&1926 N.Pole fakes of Peary&Byrd. Re Peary's hoax, restoration should share credit with R.Bryce's 1997 book.) [2] Reference to DR's "prominent" media coverage lately excised as "peacock", by a vandal who rates unprominent: DR's BritMuseum&AmAstrSoc invited talks, NPR&NOVA slots, articles re his discoveries on *NYTimes*' frontpage (& Science section & Editorial page), Byrd-hoax proof on all 4 networks' 1996/5/9 evening news. For years, Wikipedia's done nearzero re such fleas' tempertampers besides **actively helping** them: www.dioi.org/jm03.pdf fn 109.

K2 Unkillable Highs. The very fact of DR's publishing *DIO* reveals his invincible optimism. Cult noncitations&thefts of DR's scores of finds are trivial bothers compared to the unstealable first-hand experiences of *making* said discoveries: each ever-precious, electric, Bohrian instant when induction hits a match. All can share such a happy surprise by checking, e.g., www.dioi.org/j601.pdf eqs.21-31 (more here at §F45) & share contempt for selfish, fearful and spiteful cultists burying such unexpected (†8 fn 3), felicitous solutions. DR's had a long&fruitful life (www.dioi.org/jm00.pdf p.2; www.dioi.org/ji00.pdf p.70), jolly, amiable, hatefree, all-experiencing, with more than his share of fun, mental&other. Due to: [1] the sheer luck of being born into a kind, intelligent, cultured family; [2] facing an unideal world, though remaining an idealist; [3] finding&wedding forever a gentle saint (www.dioi.org/bunny.htm): loving, educated, considerate, bright&beautiful in all ways.

K3 Pan [*DIO* 16 †4 §H1]: If aging & maturing were the same, DR would live forever.

K4 Cheer [*DIO* 4.2 †9 §P5]: The best facelift is costfree and cutfree — a genuine smile.

K5 Bunny&Dennis. In Memory of sixty-two celestial years of dreams coming true.

Love is strong so long as every otherwise ordinary
moment is made special simply by being together.
